## MEMORANDUM

**Date:** March 28, 2012

**To:** Board of Directors

**From:** Richard Price, Fire Chief 

**Subject:** Contra Costa County Hazard Mitigation Plan Update and Resolution No. 2012-01  
Authorizing the Adoption of the Contra Costa County Hazard Mitigation Plan Update

---

### Background:

On October 10, 2000, Congress approved the Federal Disaster Mitigation Act (DMA) of 2000, commonly known as the 2000 Stafford Act amendments. The act requires state and local governments to develop hazard mitigation plans as a condition for federal grant assistance. In 2004, the Association of Bay Area Governments (ABAG) led a regional effort to establish a framework for hazard mitigation planning that would strive to meet the planning requirements for jurisdictions within its planning area including Contra Costa County. Seventeen local government agencies in Contra Costa County used the ABAG Hazard Mitigation Plan to achieve DMA compliance.

The ABAG Plan covers the entire Bay Area region utilizing generalized data for the generation of hazard maps and risk assessment. As a result of using less detailed data, the hazard maps and risk assessment for Contra Costa County in the ABAG plan meets the minimum requirements for information requested by FEMA for post-disaster recovery and grant applications. In order to provide more accurate risk assessment for Contra Costa County, an update to the ABAG plan is necessary.

Contra Costa County Department of Public Works pursued grant funding under the Federal Emergency Management Agency's Pre-Disaster Mitigation Grant program to develop a countywide update to the 2004 ABAG HMP. The grant was awarded in the fall of 2007 and Tetra Tech Inc. was selected as the consultant to prepare the update. The County Office of Emergency Services (OES) took the lead on assembling a planning partnership to bring other agencies in the County into the process, and in August of 2008, a coalition of Contra Costa County municipalities and special districts embarked on the planning process.

The 39 member planning partnership involved in this program includes 12 Contra Costa County cities and 26 special districts (Attachment A, Table ES). The planning area for the Hazard Mitigation Plan encompasses Contra Costa County. The goal of the organizational effort has been to produce a FEMA-approved and California Emergency Management Agency (CalEMA)-approved multi-agency, multi-hazard mitigation plan.

## Present Situation:

### Hazard Mitigation Plan

Mitigation is defined as any sustained action taken to reduce or eliminate long-term risk to life and property from a hazard event. Mitigation planning is the systematic process of learning about the hazards that can affect the community, setting clear goals, identifying appropriate actions and following through with an effective mitigation strategy. Mitigation encourages long-term reduction of hazard vulnerability and can reduce the significant cost of disasters to property owners and local government. Mitigation can also protect critical community facilities, reduce exposure to liability, and minimize post-disaster community disruption.

An HMP is a planning document that identifies potential hazards and specifies initiatives that will reduce or eliminate long-term risks to human life, property and the environment from natural disasters. Additionally, the HMP sets a framework for procurement of disaster related funding, and initiates cooperation between districts and local municipalities in these efforts. Adoption of an HMP does not approve or mandate any capital projects, or implement new policies or procedures.

The HMP also provides information required by FEMA during the long-term post-disaster recovery process. The HMP does not address immediate disaster response; it is not a replacement for Emergency Response Plans (ERP).

### Hazard Mitigation Plan Update

The HMP process developed a new plan for the County and its planning partners from scratch using lessons learned from the prior planning effort. While this plan is an update for many of the planning partners, it is the initial plan for others. The updated plan differs from the 2004 plan for a variety of reasons:

- The plan has been totally restructured as a countywide regional plan, focusing only on Contra Costa County. The risk assessment is not a subset of a larger regional effort. It is isolated to Contra Costa County and focuses on hazards of concern for the county.
- The plan was expanded to include special purpose districts as planning partners.
- The risk assessment has been formatted to support future grant applications by providing risk and vulnerability information that will directly support the measurement of “cost-effectiveness” required under FEMA mitigation grant programs.
- Newly available data and tools provide for a more detailed and accurate risk assessment.
- The updated plan uses tools such as FEMA’s Hazards U.S. Multi-Hazard (HAZUS-MH) computer model and new data such as FEMA’s countywide Digital Flood Insurance Rate Maps (DFIRMs).
- The plan meets program requirements of the Community Rating System (CRS), providing the potential additional benefit of reducing flood insurance premiums in participating jurisdictions.
- This planning process creates the opportunity for all municipal planning partners to meet the requirements of California Assembly Bill 2140, which requires integration of hazard mitigation plans into general plans.

- The update gives the County and its planning partners an opportunity to engage local citizens and gauge their perception of risk and support for risk reduction through mitigation.
- The format and methods used in preparing the plan update is the preferred method by FEMA, increasing the chance of successful grant applications and submittal approval.

### Components of the HMP Update

Components of the HMP include a description of the overall planning process, an update to the risk assessment for the County and all municipalities, a description of the mitigation strategy, and an annex for each participating jurisdiction providing demographic details and descriptions of planned mitigation activities. The Executive Summary for Volume 1 of the HMP is attached.

A significant part of the HMP update includes an update of the risk assessment model for the entire County using a GIS-based program called HAZUS-MH. HAZUS-MH is a software program used to support risk assessments, mitigation planning, and emergency planning and response. It provides a wide range of inventory data such as demographics, building stock, critical facility, transportation, and multiple models, to estimate potential losses from natural disasters. The program maps and displays hazard data and the results of damage and economic loss estimates for buildings and infrastructure.

The hazard identification and profiling in the HMP addresses the following hazards considered to be of significant importance within Contra Costa County:

1. Dam Failure
2. Drought
3. Earthquake
4. Flood
5. Landslide and Other Mass Movements
6. Severe Weather
7. Wildfire

All participating local jurisdictions have been responsible for assisting in the development of the hazard and vulnerability assessments and the mitigation action strategies for their respective jurisdictions and organizations. The HMP presents the accumulated information in a unified framework to ensure a comprehensive and coordinated plan covering all partners within Contra Costa County. Each jurisdiction is responsible for the review and approval of their individual sections of the HMP.

A 14-member Hazard Mitigation Steering Committee (HMSC) was formed early in the planning process to guide the development of the HMP. In addition, citizens were asked to contribute by sharing local knowledge of their individual area's vulnerability to natural hazards based on past occurrences. A total of four public meetings were held to solicit public input. Chief Picard represented the District in this process.

There are no foreseeable fiscal impacts from the adoption of the updated plan. The revision may facilitate the District's application for hazard mitigation grants or post disaster grants in the future.

### **Recommendation:**

Staff recommends adoption of Resolution No. 2012-01, authorizing the adoption of the Contra Costa County Hazard Mitigation Plan (HMP) Update (Attached).

**RESOLUTION NO. 2012-01**

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SAN RAMON VALLEY FIRE PROTECTION DISTRICT AUTHORIZING THE ADOPTION OF THE CONTRA COSTA COUNTY HAZARD MITIGATION PLAN**

**WHEREAS**, all of Contra Costa County has exposure to natural hazards that increase the risk to life, property, environment and the County's economy; and

**WHEREAS**; pro-active mitigation of known hazards before a disaster event can reduce or eliminate long-term risk to life and property; and

**WHEREAS**, The Disaster Mitigation Act of 2000 (Public Law 106-390) established new requirements for pre and post disaster hazard mitigation programs; and

**WHEREAS**; a coalition of Contra Costa County stakeholders with common planning objectives was formed to pool resources and create consistent mitigation strategies to be implemented within each partners identified capabilities and within Contra Costa County; and

**WHEREAS**, the coalition has completed a planning process that engages the public, assesses the risk and vulnerability to the impacts of natural hazards, develops a mitigation strategy consistent with a set of uniform goals and objectives, and creates a plan for implementing, evaluating and revising this strategy;

**NOW, THEREFORE BE IT RESOLVED**, that the Board of Directors of the San Ramon Valley Fire Protection District adopts Volume 1, and the San Ramon Valley Fire Protection District jurisdictional annex of Volume 2 of the Contra Costa County Hazard Mitigation Plan (CCCHMP).

**PASSED, APPROVED, AND ADOPTED**, at the meeting of March 28, 2012 by the following vote:

## **EXECUTIVE SUMMARY**

# EXECUTIVE SUMMARY

Contra Costa County and a partnership of local governments within the county have developed a hazard mitigation plan to reduce future losses resulting from disasters. Hazard mitigation is the use of long- and short-term strategies to reduce the loss of life, personal injury, and property damage that can result from a disaster. It involves planning efforts, policy changes, programs, capital projects, and other activities that can mitigate the impacts of hazards.

The federal Disaster Mitigation Act (DMA) requires proactive pre-disaster planning as a condition of receiving certain financial assistance under the Robert T. Stafford Act. The DMA encourages state and local authorities to work together on pre-disaster planning, and it promotes “sustainable hazard mitigation,” which includes the sound management of natural resources, local economic and social resiliency, and the recognition that hazards and mitigation must be understood in the largest possible social and economic context. The enhanced planning network called for by the DMA helps local governments accurately assess mitigation needs, resulting in faster allocation of funding and more cost-effective risk reduction projects.

The responsibility for hazard mitigation lies with private property owners; business and industry; and local, state and federal government. It is impossible to predict exactly when and where disasters will occur or the extent to which they will impact an area; but with careful planning and collaboration among public agencies, stakeholders and citizens, it is possible to minimize losses that disasters can cause.

## PLAN UPDATE

Federal regulations require hazard mitigation plans to include a plan for monitoring, evaluating, and updating the hazard mitigation plan. An update provides an opportunity to reevaluate recommendations, monitor the impacts of actions that have been accomplished, and determine if there is a need to change the focus of mitigation strategies. DMA compliance is contingent on meeting the plan update requirement. A jurisdiction covered by a plan that has expired is not able to pursue funding under the Robert T. Stafford Act for which a current hazard mitigation plan is a prerequisite.

## Initial Response to the DMA in Contra Costa County

In 2004, The Association of Bay Area Governments (ABAG) led a regional effort to address hazard mitigation planning for jurisdictions within its planning area. This regional template was utilized by numerous counties and cities within the ABAG planning area to achieve initial compliance under the DMA. The ABAG process equipped local governments with tools to complete individual planning processes that met their needs, while pooling resources and eliminating redundant planning efforts. Seventeen local governments in Contra Costa County used the ABAG tools to achieve DMA compliance.

## The Contra Costa County Planning Effort

Recognizing limitations in the ABAG planning effort, Contra Costa County Department of Public Works and the County Office of Emergency Services (OES) have teamed together to prepare an updated county-wide hazard mitigation plan that would better suit the needs and capabilities of the County and its planning partners. The Department of Public Works pursued grant funding under the Federal Emergency Management Agency’s (FEMA’s) Pre-Disaster Mitigation Grant program, and OES took the lead on assembling a planning partnership. The grant was awarded in the fall of 2007. The ensuing planning process developed a new plan for the County and its planning partners from scratch, using lessons learned

from the prior planning effort. While this plan is an update for many of the planning partners, it is the initial plan for others. The updated plan differs from the initial plan for a variety of reasons:

- The plan has been totally re-structured as a countywide regional plan, focusing only on Contra Costa County. The risk assessment is not a subset of a larger regional effort. It is isolated to Contra Costa County and focuses on hazards of concern for the county.
- The plan was expanded to include special purpose districts as planning partners.
- The risk assessment has been formatted to better support future grant applications by providing risk and vulnerability information that will directly support the measurement of “cost-effectiveness” required under FEMA mitigation grant programs.
- Newly available data and tools provide for a more detailed and accurate risk assessment. The initial plan did not use tools such as FEMA’s Hazards U.S. Multi-Hazard (HAZUS-MH) computer model or new data such as FEMA’s countywide Digital Flood Insurance Rate Maps (DFIRMs).
- The plan will meet program requirements of the Community Rating System (CRS), providing the additional benefit of reducing flood insurance premiums in participating jurisdictions.
- This planning process will create the opportunity for all municipal planning partners to meet the requirements of California Assembly Bill 2140, which requires integration of hazard mitigation plans into general plans.
- The update gave the County and its planning partners an opportunity to engage local citizens and gauge their perception of risk and support for risk reduction through mitigation.

## **PLAN UPDATE METHODOLOGY**

A partnership of local governments in Contra Costa County collaborated on the development of this hazard mitigation plan update. This partnership followed a five-phase planning process over 24 months that resulted in a document that will provide a blueprint for hazard risk reduction in Contra Costa County for the next five years.

### **Phase 1—Organize and Review**

A planning team was assembled to provide technical support for the plan update, consisting of key County staff from the Department of Public Works and OES, as well as a technical consultant. The first step in developing the plan update was to organize the planning partnership. The County and 10 municipal governments committed to this update process. With special-purpose districts included, plan coverage was expanded to include 36 planning partners as shown in Tables ES-1 and ES-2. All 36 planning partners committed to the process by providing letters of intent to participate and agreeing to planning partner expectations.

<b>TABLE ES-1. MUNICIPAL PLANNING PARTNERS</b>			
Antioch	Brentwood	Danville	El Cerrito
Martinez	Pinole	Pleasant Hill	Richmond
San Ramon	Walnut Creek	Contra Costa County	

**TABLE ES-2.  
SPECIAL-PURPOSE DISTRICT PARTNERS**

• Antioch Unified School District	• Kensington Fire Protection District
• Bethel Island Municipal Improvement District	• Kensington Police Protection and Community Services District
• Brentwood Union School District	• Knightsen Community Services District
• Canyon Elementary School District	• Liberty Union High School District
• Central Contra Costa Sanitary District	• Mt. Diablo Unified School District
• Contra Costa County Fire Protection District	• Pleasant Hill Recreation and Park District
• Contra Costa County Flood Control and Water Conservation District	• Reclamation District 800 (Byron Tract)
• Contra Costa Community College District	• Reclamation District 830 (Jersey Island)
• Contra Costa County Office of Education	• Rodeo-Hercules Fire Protection District
• Delta Diablo Sanitation District	• San Ramon Valley Fire Protection District
• Diablo Water District	• Walnut Creek School District
• East Contra Costa Fire Protection District	• West Contra Costa Unified School District
• Ironhouse Sanitary District	

A 14-member steering committee was assembled to oversee the development of the plan, consisting of planning partner staff, citizens, and other stakeholders in the planning area. A key function of the Steering Committee was to confirm a guiding principal, goals and objectives for this updated plan. Full coordination with other county, state and federal agencies involved in hazard mitigation occurred from the onset of the plan update process.

A multi-media public involvement strategy centered on a hazard preparedness questionnaire was also implemented under this phase, as well as a comprehensive review of the previous plan and the State of California Hazard Mitigation Plan. Additionally, a comprehensive review was performed of existing programs that may support or enhance hazard mitigation actions.

## **Phase 2—Update the Risk Assessment**

Risk assessment is the process of measuring the potential loss of life, personal injury, economic injury, and property damage resulting from natural hazards. This process assesses the vulnerability of people, buildings and infrastructure to natural hazards. It focuses on the following parameters:

- Hazard identification and profiling
- The impact of hazards on physical, social and economic assets
- Vulnerability identification
- Estimates of the cost of potential damage or costs that can be avoided through mitigation.

The risk assessment for this hazard mitigation plan meets requirements outlined in Chapter 44 of the Code of Federal Regulations (44CFR). Phase 2 occurred simultaneously with Phase 1, with the two efforts using information generated by one another to create the best possible risk assessment. This was the most comprehensive phase of the plan update process. All facets of the risk assessment of the plan were visited by the planning team and updated with the best available data and technology.

### **Phase 3—Engage the Public**

A public involvement strategy was developed by the Steering Committee that maximized the capabilities of the planning partnership. This strategy was implemented by the planning team and included four public meetings early in the plan update process, two public meetings to review the draft plan, distribution of a hazard mitigation survey, a County-sponsored website dedicated to the plan update, and multiple media releases throughout the process.

### **Phase 4—Assemble the Updated Plan**

The planning team and Steering Committee assembled key information from Phases 1, 2 and 3 into a document to meet the DMA requirements for all planning partners. Under 44CFR, a local hazard mitigation plan must include the following:

- A description of the planning process
- Risk assessment
- Mitigation strategy
  - Goals
  - Review of alternatives
  - Prioritized “action plan”
- Plan maintenance section
- Documentation of adoption.

The updated plan contains two volumes. Volume 1 contains all components that apply to all partners and the broader planning area (plan process, outreach strategy, plan maintenance, risk assessment, goals, objectives and countywide initiatives). Volume 2 contains all components that are jurisdiction-specific (ranking of risk, capability assessment, an action plan, prioritization of that action plan and a status report on prior actions). Each planning partner has a dedicated chapter in Volume 2.

### **Phase 5—Plan Adoption/Implementation**

The final adoption phase will begin once pre-adoption approval is granted by California Emergency Management Agency (Cal EMA) and FEMA. Each partner will adopt the updated plan individually.

A plan implementation and maintenance section included in this document details the formal process for ensuring that the plan remains active and relevant. The plan maintenance process includes a schedule for monitoring and evaluating the plan’s progress annually and producing a plan revision every 5 years. Throughout the life of this plan, a steering committee representative of the original committee will provide a consistent source of guidance and oversight.

The plan adoption phase includes strategies for continued public involvement and incorporation of the recommendations of this plan into other planning mechanisms within the planning area, such as general plans, capital improvement plans, building codes, and emergency management plans.

### **MITIGATION GUIDING PRINCIPLE, GOALS AND OBJECTIVES**

The following principle guided the Steering Committee and the planning partnership in selecting the initiatives contained in this plan update:

Guiding Principle—To reduce the vulnerability from natural hazards within the county in a cost-effective manner, within the capabilities of the partnership.

The Steering Committee and the planning partnership established the following goals for the plan update:

- Goal 1—Save [or protect] lives and reduce injury
- Goal 2—Increase resilience of infrastructure and critical facilities
- Goal 3—Avoid [minimize, or reduce] damage to property
- Goal 4—Encourage the development and implementation of long-term, cost-effective and environmentally sound mitigation projects
- Goal 5—Build and support capacity to enable local government and the public to prepare, respond and recover from the impact of natural hazards.

Plan objectives were developed via a facilitated exercise that focused on finding objectives that meet multiple goals. The objectives are listed in Table ES-3.

## **MITIGATION INITIATIVES**

Mitigation initiatives are activities to reduce or eliminate losses resulting from natural hazards. Mitigation initiatives are the key element of the hazard mitigation plan update. By implementing these initiatives, the planning partnership will strive to become disaster-resistant through sustainable hazard mitigation.

Although adoption of this plan makes the planning partners eligible for FEMA grant funding, the purposes of the plan go beyond grant eligibility. It was important to the planning partnership and the Steering Committee to look at initiatives that will work through all phases of emergency management. Some of the initiatives outlined in this plan are not grant eligible but were chosen for their effectiveness in achieving the goals of the plan. A series of countywide initiatives were identified, as summarized in Table ES-4. Jurisdiction-specific initiatives are listed in Volume 2 of this plan.

## **IMPLEMENTATION**

Full implementation of the recommendations of this plan will require time and resources. Specific recommendations and plan review protocols are provided to evaluate changes in vulnerability and action plan prioritization after the plan is adopted. The true measure of the plan's success will be its ability to adapt to the changing climate of hazard mitigation. Funding resources are always evolving, as are state and federal mandates. Contra Costa County and its planning partners have a long-standing tradition of proactive response to issues that may impact local citizens. Each local government will assume responsibility for adopting the recommendations of this plan and committing resources toward implementation. The framework established by this plan identifies a strategy that maximizes the potential for implementation based on available and potential resources. It commits all planning partners to pursue initiatives when the benefits of a project exceed its costs. The planning partnership developed this plan with extensive public input, and public support of the actions identified in this plan will help ensure the plan's success.

**TABLE ES-3.  
OBJECTIVES FOR NATURAL HAZARD MITIGATION PLAN UPDATE**

Objective Number	Objective Statement	Goals for Which It Can Be Applied
O-1	Increase resilience of (or protect and maintain) infrastructure and critical facilities	2, 3, 5
O-2	Sustain reliable local emergency operations and facilities during and after a disaster	1, 5
O-3	Educate the public on the risk from natural hazards and increase awareness, preparation, mitigation, response, and recovery activities	1, 3, 5
O-4	Minimize the impacts of natural hazards on current and future land uses by providing incentives for hazard mitigation	1, 3, 5
O-5	Prevent (or discourage) new development in hazardous areas or ensure that if building occurs in high-risk areas that it is done in such a way as to minimize risk	1, 3, 5
O-6	At the local government level, continually improve understanding of the location and potential impacts of natural hazards, utilizing the best available data and science.	1, 2, 3, 4, 5
O-7	Ensure all structures meet minimum standards for life safety	1, 2, 3, 5
O-8	Monitor plan progress annually to integrate local hazard mitigation plans and the results of disaster- and hazard-specific planning efforts	1, 2, 3, 5
O-9	Lower cost of flood insurance premiums through CRS program	3, 4, 5
O-10	Provide/improve flood protection with flood control structures, and drainage maintenance plans	2, 3, 4
O-11	Strengthen codes, and their enforcement, so that new construction can withstand the impacts of natural hazards and lessen the impact of that development on the environment's ability to absorb the impact of natural hazards.	1, 3
O-12	Consider the impacts of natural hazards in all planning mechanisms that address current and future land uses within the planning area.	1, 3
O-13	Eliminate or minimize disruption of local government operations caused by natural hazards	1, 3, 4
O-14	Consider open space land uses within identified high-hazard risk zones	1, 2, 3, 4, 5
O-15	Retrofit, acquire or relocate identified high-risk structures, including those known to experience repetitive losses.	1, 3, 4
O-16	Establish a partnership among all levels of government and the business community to improve and implement methods to protect property	1, 2, 3, 4, 5

**TABLE ES-4.  
ACTION PLAN—COUNTYWIDE MITIGATION INITIATIVES**

Hazards Addressed	Lead Agency	Possible Funding Sources or Resources	Time Line <sup>a</sup>	Objectives
<p><b>CW-1</b>—Continue to maintain a Countywide hazard mitigation website that will house the plan and provide the public an opportunity to monitor plan implementation progress. Each planning partner can support this initiative by including an initiative in its action plan of creating a link to the County Hazard Mitigation webpage.</p>				
All Hazards	OES	OES operational budget	Short term/ongoing	3, 6, 16
<p><b>CW-2</b>—Leverage public outreach partnering capabilities (such as CERT) within the planning area to promote a uniform and consistent message on the importance of proactive hazard mitigation.</p>				
All Hazards	OES, CERT	OES operational budget	Short term/ongoing	2, 3, 6, 16
<p><b>CW-3</b>—Coordinate mitigation planning and project efforts within the planning area to leverage all resources available to the planning partnership.</p>				
All Hazards	OES, Public Works	FEMA mitigation grant funding will reimburse for grant application preparation. General fund allocations of all planning partners.	Short term	6, 16
<p><b>CW-4</b>—Where appropriate, support retrofitting, purchase, or relocation of structures located in hazard-prone areas to protect structures from future damage, with repetitive and severe repetitive loss properties as a priority. Seek opportunities to leverage partnerships within the planning area in these pursuits.</p>				
All Hazards	OES, Public Works	FEMA Mitigation Grant funding	Long-term/depends on funding	7, 15, 16
<p><b>CW-5</b>—Continue to update hazard mapping with best available data and science as it evolves within the capabilities of the partnership. Support FEMA’s Risk MAP Initiative.</p>				
All Hazards	Public Works	FEMA Mitigation Grant Funding, FEMA’s CTP program, County CIP funding	Long-term/depends on funding	3, 6, 16
<p><b>CW-6</b>—To the extent possible based on available resources, provide coordination and technical assistance in the application for grant funding that includes assistance in cost vs. benefit analysis for grant eligible projects.</p>				
All Hazards	OES, Public Works	FEMA mitigation grant funding will reimburse for grant application preparation. General fund allocations of all planning partners.	Short term	6, 16
<p><b>CW-7</b>—A steering committee will remain as a viable body over time to monitor progress of the hazard mitigation plan, provide technical assistance to Planning Partners and oversee the update of the plan according to schedule. This body will continue to operate under the ground rules established at its inception.</p>

## MEMORANDUM

**Date:** March 28, 2012  
**To:** Board of Directors  
**From:** Christina Jamison, Fire Marshal  
**Subject:** Resolution pertaining to the San Ramon Valley Fire Protection District Exterior Hazard Abatement Program

---

### Recommendation:

It is recommended that the Board adopt Resolution No. 2012-02 (Attachment A) and find that the properties described in Exhibit 1 are in a fire hazard severity zone as designated by the California Department of Forestry and Fire Protection (Cal Fire) and identified as part of the San Ramon Valley Fire Protection District's Exterior Hazard Abatement Program. As a result of the approval of Resolution 2012-02, if an accumulation of dry grass, weeds, dead trees and/or rubbish is present on these properties it will be deemed a fire hazard and require abatement in accordance with the San Ramon Valley Fire Protection District Ordinance No. 23, Appendix K; the Fire District's Fire Code; and the Health and Safety Code, Sections 14875-14931.

### Background:

Because of the potential for wildland fires within the Fire District, the Exterior Hazard Abatement Program is essential in the prevention and control of fires, as well as reducing property and personal losses. The benefits are evident when brush fires threaten homes protected by the clearance required by this program.

As part of the program, the Fire District has identified properties within fire hazard severity zones which may have seasonal and recurrent weeds that, unless abated, will each year constitute nuisances. Pursuant to Health and Safety Code sections 14900.5 and 14900.6, this Board by resolution may declare that (a) the nuisances arising from dry grass, weeds, dead trees and/or rubbish on the properties listed on Exhibit 1 hereto are "seasonal and recurrent" and (b) such "seasonal and recurring nuisances" shall be abated every year without further hearing. Such a resolution will provide ongoing authority to the Fire District to send a post card notice to the

owner(s) of each of the properties so listed each year. For this reason, the Fire District requests that this Board adopt the attached resolution.

In April, approximately 10,000 "Legal Notice" notifications, with a compliance date of June 1, will be mailed to property owners in the listings (See Attachment B). When a notice is returned as undeliverable, the Fire District makes every effort to identify and notify the property owner. Property owners are responsible for getting the necessary clearance accomplished; however, for those who do not clear their lots as required, the Fire District contracts with a hazard abatement contractor to do the work on behalf of the Fire District.

The cost of the contracted work, plus a \$1,105 administrative fee, will then be placed on the property owner's tax bill as a tax lien. Continued communication with property owners by the Fire District should maintain the trend of clearing fewer properties while preserving standards set for the San Ramon Valley Fire Protection District.

   Exhibit 1 – List of Property Owners in EHAP  
   Attachment B - 2012 Exterior Hazard Abatement- Legal Notice

Attachment

“A”

**RESOLUTION NO. 2012-02**

**RESOLUTION OF THE BOARD OF DIRECTORS OF THE  
SAN RAMON VALLEY FIRE PROTECTION DISTRICT  
PERTAINING TO THE  
EXTERIOR HAZARD ABATEMENT PROGRAM**

**WHEREAS**, the San Ramon Valley Fire Protection District (“Fire District”) has in place an effective Exterior Hazard Abatement Program; as provided by state law and local ordinance.

**WHEREAS**, one of the primary components of the Fire District’s Exterior Hazard Abatement Program is its program of annual notices to property owners located in fire hazard areas, of the need to clear dry grass, weeds, dead trees and/or rubbish constituting fire hazards from their properties; and

**WHEREAS**, these properties, as determined by the Fire District, through its knowledge and inspection, are subject to seasonal and recurrent dry grass, weeds, and/or rubbish constituting nuisances; and

**WHEREAS**, as part of an Exterior Hazard Abatement Program, Health and Safety Code section 14900.5 authorizes the Board to declare that (a) the nuisances arising from dry grass, weeds, dead trees and/or rubbish on such properties are “seasonal and recurrent” and (b) such “seasonal and recurring nuisances” shall be abated every year without further hearing; and

**WHEREAS**, in the case of dry grass, weeds, dead trees and/or rubbish which have been so declared to constitute seasonal and recurring nuisances, the Health and Safety Code section 14900.6 further provides that it is sufficient for the Fire District to annually mail a post card notice to the property owners as they and their addresses appear upon the current assessment roll advising them to abate said nuisances without particularized findings by this Board each year that such nuisances presently exist; and

**WHEREAS**, such a declaration by this Board will enhance the efficiency and effectiveness of the Fire District’s Exterior Hazard Abatement Program;

Resolution No. 2012-02  
March 28, 2012

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED** as follows:

1. The Board hereby finds and declares that nuisances arising from dry grass, weeds, dead trees and/or rubbish on the properties listed on Exhibit 1 to this resolution are “seasonal and recurrent” as that term is used in Health and Safety Code section 14900.5.
2. The Board hereby further finds and declares that such seasonal and recurring nuisances shall be abated every year without further hearing.
3. The Board hereby further finds, that it is sufficient to mail a post card notice to the owners of the property as described in Health and Safety Code Section 14900.6.

**PASSED, APPROVED AND ADOPTED**, at the meeting of March 28, 2012 by the following vote:

**AYES:**

**NOES:**

**ABSENT:**

**ABSTAIN:**

**ATTEST**

## LEGAL NOTICE

March 15, 2012

**ASSESSOR'S PARCEL #:**

**SITE LOCATION:**

Dear Property Owner:

In accordance with the San Ramon Valley Fire Protection District Ordinance No. 23, Appendix K, you are hereby notified that your property, as defined above, is in a wildfire hazard severity zone as designated by the California Department of Forestry and Fire Protection (Cal Fire) and therefore is part of the San Ramon Valley Fire Protection District's Exterior Hazard Abatement Program. As a result of this designation, if an accumulation of dry grass, weeds, dead trees and/or rubbish is present on your property it is deemed a fire hazard and abatement of the hazard must be completed prior to June 1 each year.

If the property defined above meets the San Ramon Valley Fire Protection District's Minimum Abatement Standards, no action is required. Please accept our appreciation for your efforts in providing a greater degree of fire safety within our community.

**YOU ARE HEREBY FURTHER NOTIFIED** that the San Ramon Valley Fire Protection District's Board of Directors has declared that all dry grass, weeds and/or rubbish constitutes a seasonal and recurring public nuisance. Any property that is found to be non-compliant after the **June 1** deadline will be subject to the Administrative Citation Process and can be issued a **citation and fine of up to \$2,000**. Additionally, if the District must abate your property because you fail to do so, an **administrative fee of \$1,105** in addition to the cost of the abatement work will be assessed in the form of a lien on your property.

**YOU MAY APPEAR** in person before the Board of Directors at **7:00 p.m., May 23, 2012**, to show just cause why this order should not be enforced.

If this property is being leased or used by someone other than the owner, it is the owner's responsibility to contact the lessee or user and arrange for any necessary abatement.

Please review the enclosed Minimum Abatement Standards. Additional information regarding the Exterior Hazard Abatement Program is available on the District's website at [www.firedepartment.org/abatement](http://www.firedepartment.org/abatement).

## MEMORANDUM

**Date:** March 28, 2012  
**To:** Board of Directors  
**From:** Battalion Chief John Viera  
**Subject:** Ambulance Bids

---

### Background:

On March 1, 2012, the District went out to competitive bid for one ambulance. The District distributed the specifications to three prospective bidders known to build this type of vehicle. The three bidders were; Emergency Vehicle Group, Arata Equipment Company and Leader Industries. The legal notice required the sealed bids to be delivered to the District by 0900hrs on Tuesday, March 13, 2012. A request to extend the bid deadline 7 to 10 days was made by Arata Equipment to allow ample time to review the specifications to provide an accurate bid. The bid deadline was extended to Monday, March 19, 2012.

The bid opening was at 0900 on March 19, 2012. The District received sealed bids from Arata Equipment Company and Leader Industries. The bids were opened, recorded and reviewed for specification compliance. The bid from Leader Industries met the District's specifications without exception at a buildup price of \$188,868, plus tax. The total delivered price for the ambulance is \$216,149.61. The bid submitted by Arata Equipment Company had 18 exceptions to the District's specifications. Their buildup price was \$174,826.40, plus tax. The total delivered for their ambulance is \$209,749.50.

The amount of the Arata Equipment Company bid is \$6,400 less than the Leader Industries bid. However the ambulance offered by Arata Equipment Company does not meet the crash test safety standards, build-up construction specifications, electrical specifications and the paint standard in the specifications. In addition there were no ambulances of this type available for review by the Apparatus Committee to inspect.

### Recommendation:

Staff recommends the Board of Directors accept the findings and direct staff to award the bid for the purchase of one ambulance to Leader Industries, as they were the only bidder to meet the District's specifications without exception.

# CORRESPONDENCE

February 20, 2012

Mr. Richard Price, Fire Chief  
& Sue Brooks Chief Price's Assistant  
San Ramon Valley fire Department  
1500 Bollinger Canyon Road  
San Ramon CA 94583

Dear Friends of One Warm Coat,

We have now concluded the San Ramon Valley Rotary One Warm Coat clothing drive for 2011. It was our 16<sup>th</sup> year and it was a tremendous success. Because of you and our other partners, we were able to collect and distribute around 4,600 clothing items of clothing for men, women and children, along with hundreds of blankets.

This is a program that started out of the garage of our founding president's garage, Bill Gregory.

Now, it far exceeds this space. Without the support of our major sponsor, Sunset Development, we would be unable to manage the volumes of items that this number represents.

We want to thank all the people who made generous donation of items, times and resources. With your contribution, you made a big difference again!

The clothing was distributed entirely to homeless and single mothers and their children directly by our club or with the assistance of local charities located in Richmond, Emeryville, San Pablo, Oakland and the Concord/Pittsburg area. We were also able to provide a sizable donation of clothes to a Romanian Oversea Organization, Christmas for Everyone in Concord, Family shelters in Antioch-Martinez and ECAP Emeryville Community Action program.

We were very happy to be present for the fourth time this year at the Bishop Ranch tree lighting in December, and we are looking forward to many successful collections there.

This program takes hard work and you have provided us with your own personal time and effort. Thankfully to you, this program can continue.

Therefore on behalf of the Rotary Club of the San Ramon Valley and the charities that joined us we Thank you and Wish you a great year 2012!

Sincerely,

Lynn Eager, Dany Gregory & Larry Blair  
& One Warm Coat Committee  
The San Ramon Valley Rotary Club

---

**From:** Jerry E. Warren [mailto:jerryewarren2@hotmail.com]  
**Sent:** Monday, March 05, 2012 9:52 PM  
**To:** Hart, Steve  
**Subject:** Tassajara One Room School

Steve: The Board of Directors for the Museum of the San Ramon Valley met tonight and discussed the option of requesting that the fire district transfer the school to the Museum. The response was quite positive since the Museum runs its very popular 3rd grade program out there and everyone feels the Museum is in a much stronger position than it was when they declined the transfer a decade or more ago. Because the idea was new to the board members tonight, they feel they should discuss it more in depth before any formal request to the district is made. My assessment is that they will do so at their May 7, 2012 meeting.

Thank you for your kindness if touring me thorough the property and for providing me information about the operating and capital expenditures for the school. We will be in contact with you.

Jerry Warren  
President, Board of Directors  
Museum of the San Ramon Valley  
Danville

3-2-12

I want to thank the  
paramedics who cared for  
me on Friday, January 20th.

If it wasn't for you I  
wouldn't be here today.

I don't remember much of  
what happened to me. I

do know my friend Ron  
and you saved my life.

I am forever thankful.

God bless all of you.

Lois DeMessieri

February 9, 2012

Chief Steve Hartz  
San Ramon Fire Department  
1500 Bollinger Canyon Road  
San Ramon, CA 94583

Dear Chief Hartz,

On behalf of Contra Costa Interfaith Housing (CCIH), thank you for your recent in-kind donation. We truly appreciate your generosity and support.

With the support of people like you, our formerly homeless families now have a permanent home at the Garden Park Apartments and are stabilizing with the help of on-site support services offered by CCIH. We are delighted with their progress toward self-reliance and a healthy community in which to raise children.

CCIH is a 501 (c) (3) nonprofit organization, and you may deduct the value of the donated items to the fullest extent allowed by tax laws. We also certify that you received no goods or services in exchange for this donation. Our Federal Identification Number (F.I.N.) is below, along with space to list your donated item(s) and to assess the monetary value of your donation for tax purposes.

We could not do this valuable work without the support of our donors. On behalf of Contra Costa Interfaith Housing and its Board of Directors, staff and tenants we serve, thank you very much for this generous gift.

With sincere thanks,

Louise Bourassa  
Executive Director

*Thank you for supporting our kids.*

# ERF Medical

Urban

Suburban

Rural

## ERF Fire Response

### Urban

#### Goal 1

##### *Distribution of Fire Stations for Built-up Urban Areas of Greater than 2,000 People per Square Mile*

To treat and transport medical patients and control small fires, the first-due unit should arrive within 7 minutes total response time, 90 percent of the time from the receipt of the call in fire dispatch. Total response time equates to 1 minute dispatch time, 2 minute crew turnout time and 4 minutes travel time spacing for single units.

#### Goal 2

##### *Distribution of Fire Stations for Suburban Areas of 1,000 to 2,000 People per Square Mile*

The first-due fire unit should arrive within 8 minutes total response time, 90 percent of the time.

#### Goal 3

##### *Distribution of Fire Stations for Rural Areas of Less than 1,000 People per Square Mile*

The first-due fire unit should arrive within 17 minutes total response time, 90 percent of the time.

#### *Goal 4*

##### *Effective Response Force (First Alarm) for Urban Areas of Greater than 2,000 People per Square Mile*

To confine fires near the room of origin, to stop wildfires less than 5 acres in size when noticed promptly, and to treat up to 5 medical patients at once, a multiple-unit response of at least 18 personnel should arrive within 11 minutes total response time from the time of 911 call receipt, 90 percent of the time. This equates to 1 minute dispatch time, 2 minutes crew turnout time and 8 minutes travel time spacing for multiple units. Suburban areas should receive the full first alarm within 12 minutes total response time, 90 percent of the time with the goal to limit the fire spread to the area already involved upon the arrival of the effective response force. For rural areas, this should be 21 minutes, 90 percent of the time. Outcome goals in these areas would be to confine fires to the building of origin, to care for medical patients upon arrival, and to initiate operations on serious wildland fires.

#### *Goal 5*

##### *Hazardous Materials Response*

Respond to hazardous materials emergencies with enough trained personnel to protect the community from the hazards associated with the release of hazardous and toxic materials. Achieve a total response time consistent with Goal 1, Goal 2 and Goal 3 with the first company capable of operating at the California OSHA First Responder Operations (FRO) level. After size-up and scene evaluation is complete a determination will be made whether to request the on-duty District Hazardous Materials Team and/or other appropriate resources.

#### *Goal 6*

##### *Technical Rescue*

Respond to technical rescue emergencies with enough trained personnel to facilitate a successful rescue. Achieve a total response time consistent with Goal 1, Goal 2 and Goal 3 with the first company capable of operating at the California Rescue System 1 (RS1) level. After size-up and scene evaluation is complete a determination will be made whether to request the on-duty District Rescue Team and/or other appropriate resources.

#### *Goal 7*

##### *Call processing and turnout times*

A concentrated focus will be placed on systems, training and feedback measures to crews to lower dispatch and turnout time reflex measures to national best practices of 1 minute for dispatch and 2 minutes for fire crew turnout, 90 percent of the time.

#### *Goal 8*

##### *Effective Response Force for Advanced Life Support (ALS) Medical Emergencies*

To treat medical patients requiring advanced procedures and skills (defined as Charlie, Delta or Echo), a two-unit response consisting of one paramedic-staffed ambulance and one additional paramedic-staffed unit for a response force of at least five personnel should arrive within 6 minutes travel time in urban areas and 7 minutes travel time in suburban areas, 90 percent of the time. For rural areas, excluding Mt. Diablo State Park, personnel should arrive within 18 minutes travel time 90 percent of the time.

# **SUPPORT SERVICES**

Support Services February 2012
-----------------------------------

### Facilities

1. Training Facility Remodel: Lowest bidder announced. Contract fully executed to Southland Construction, with Board approval.
2. Station 32 (2100 Stone Valley Rd): Preparing Bid Packet for Demolition (Legal Notice to run March 1).

### Fleet

1. Annual Engine / Truck services in progress.
2. Assembling new Apparatus in progress.
3. Preparing for Ground Ladder Testing (March 5, 6 and 7).
4. (1) Modular Ambulance Purchase: Legal Notice running Feb 24-Mar 1.

### Communication Center

1. A rotational Board-Up Contractor List from the established Request for Quotation (RFQ) was put into effect.
2. The Communications Support Unit (CS131) and staff provided training to Concord Police Department.
3. A part-time temporary Dispatcher completed training and was released to work.
4. One Dispatcher attended a Communications Training Officer (CTO) course.

### Information & Technology

1. Installed latest Computer-aided Dispatch (CAD) and mobile software patches.
2. Streamlined information transferred from Emergency Medical Dispatch (EMD) software to CAD and mobile software.
3. Assisted Contra Costa County EMS with Zoll Patient Care Reporting upgrade.
4. Attended California Fire Chiefs Association, Communications Division quarterly meeting.
5. Met with AT&T and Communications Center Manager regarding 911 phone system upgrade.

### Current Projects

1. Working through Fiscal Year 11/12 budgeted projects.
2. AED – Ongoing project for District Aides/Support Services. Confirming location, address, contact info, lat/long, etc.
3. Completed: RFQ for Board-Up Services Contractor received. 7 qualified contractors chosen for rotational basis. Effective Feb 1 (3-year service).

**FIRE PREVENTION  
DIVISION**

# Fire Prevention Summary of Monthly Activities

## February 2012

### What Went Well

#### Executive Fire Officer Program

Fire Marshal Jamison attended the National Fire Academy in Emmitsburg, MD from February 20-March 2. Executive Analysis of Fire Service Operations in Emergency Management is the third class in a 4-class series within the Executive Fire Officer Program. The class provided an in-depth practical study of emergency management and damage assessment activities and processes developed to assist local agencies in preparing and recovering from disaster.

#### 3rd Annual Residential Care Facility Workshop

The RCF Workgroup will be hosting the 3rd Annual RCF Workshop on Wednesday, April 18 at the San Ramon Community and Senior Center from 1:30 - 4:00 p.m. This year there will be 2.5 Continuing Education Units provided to participating caregivers. Topics will include;

- Emergency preparedness and practical evacuation
- Physical Therapist specializing in Body Mechanics will provide participants with lift assistance techniques
- Hospice Care representative will discuss POLST forms and process
- San Ramon Regional Hospital representative will be educating on the signs of stroke

#### San Ramon Valley Mass Care and Shelter Drill

The Citizen Corps Council and the American Red Cross are currently recruiting for volunteers to assist with the San Ramon Valley Mass Care and Shelter Drill to be held on Thursday, April 26 from 11:00 a.m. to 4:30 p.m. at St. Joan of Arc Church in San Ramon. Volunteers are needed to play the roles of displaced evacuees. Volunteers are able to sign up via the district website or [www.bereadysrv.org](http://www.bereadysrv.org).

#### "Hands Only" CPR and AED Use

An excellent example of community partnership and collaboration; the San Ramon Valley Rotary recently donated four AED Trainers to the HeartSafe Committee, soon there after, the HeartSafe Committee provided "Hands Only" CPR and AED Use training to the Rotary Club members.

### Press Releases

Press releases available at the District website [www.firedepartment.org](http://www.firedepartment.org)

### Potential Issues

Several compliance issues have been identified that involve unlicensed contractors. Staff has been working with representatives from the California State License Board to include joint enforcement activities.

## Fire Prevention Summary of Monthly Activities February 2012

### Upcoming Public Education Classes and Events Scheduled

CERT Class #44	Administrative Building	March 14- April 25 Weekly
New Parent	Administrative Building	March 24 9:00am- 12:00 pm
RCF Workshop	San Ramon Community and Senior Center 9300 Alcosta Boulevard	Wednesday, April 18 1:30 pm - 4:00 pm
Fire Extinguisher	Administrative Building	April 21 10:00-11:00 am
SRV Mass Care and Shelter Drill	St. Joan of Arc Church 2601 San Ramon Valley Blvd	April 26 11:00 am-4:00 pm

### Plan Reviews Completed.

With the implementation of the new data base staff is working on the development of a standardized report to be included in the Fire Prevention Summary of Monthly Activities.

# **ADMINISTRATIVE SERVICES**

**Administrative Services Department**  
**February, 2012**

**Finance:**

Financials

- Balance Sheet (February 29, 2012)
- Revenue/Expense History
- Statement of Expenditures
  - Revenues: Budget v Actual
  - Expenses: Budget v Actual
- General Fund Expenditures
- General Fund Revenues
- Capital & Equipment/Vehicle Fund
- Total Overtime
- Staffing/Overtime Analysis

Meetings/Activities:

Finance:

- Completed interim phase of financial audit.
- Coordinated Management Budget Meeting for 2012-13 budget development.
- Issued Request For Proposals for Investment Management Services.
- Implemented District on-line bidding.
- Administered Assistance to Firefighters Grant.
- Attended Assistance to Firefighters Grant regional meeting.
- Processed three employee separations.
