Board of Directors
San Ramon Valley Fire Protection District
1500 Bollinger Canyon Road
San Ramon, California 94583

Members of the Board:

We are pleased to present the San Ramon Valley Fire Protection District Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2013. This is the thirteenth consecutive CAFR produced by the District.

This report has been prepared by the Administrative Services Division following the guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA) and is in conformance with generally accepted accounting principles for state and local governmental entities established by the Governmental Accounting Standards Board (GASB). Responsibility for the accuracy, completeness and fairness of the presented data and the clarity of presentation, including all disclosures, rests with the management of the District.

THE REPORTING ENTITY – PAST AND PRESENT

HISTORY AND FORMATION OF SAN RAMON VALLEY FIRE PROTECTION DISTRICT

The San Ramon Valley Fire Protection District is an outgrowth of many years of maturation. Its early beginning took place over 100 years ago at a meeting of the Danville Improvement Club. The meeting held on March 19, 1912, was comprised of the leading ladies and men of Danville. At this meeting, it was decided that a volunteer fire department needed to be organized. The idea was unanimously approved, and the name Danville Farm Defense Fire District was established. In 1921, a state law permitted the organization of special fire districts and empowered them with the authority to levy a tax for their support. Thus, on September 6, 1921, the Danville Farm Defense Fire District became the Danville Fire Protection District, an independent fire district and a political subdivision of the State of California. The official boundaries were re-designated to encompass Alamo, Danville, Sycamore and Green Valley School Districts, an area of approximately fifty (50) square miles.

In 1963, Contra Costa County reorganized its East County Fire Protection District into the San Ramon Fire Protection District, an independent district. In December 1979, Local Agency Formation Commission (LAFCO) initiated the consolidation of the Danville Fire Protection District and the San Ramon Fire Protection District. On July 1, 1980, with the merger complete, the two Districts were renamed the San Ramon Valley

Fire Protection District (SRVFPD). The new District serviced the communities of Alamo, Blackhawk, Danville, Diablo and San Ramon, a 70 square mile area. The organization was comprised of 4 fire stations, 27 emergency vehicles and 71 employees. With the reorganization of these two districts, the newly formed District became governed by 5 locally elected Board of Directors, independent of the County Board of Supervisors.

Some ten years later, the San Ramon Valley Fire Protection District and the Tassajara Fire Protection District initiated a merger process. In January 1991, LAFCO completed the annexation of all territories of the Tassajara Fire Protection District and transferred them to the San Ramon Valley Fire Protection District, which included Tassajara Valley and the southern boundary of Morgan Territory. Simultaneously, the Tassajara Fire Protection District was dissolved.

In July 1997, the San Ramon Valley Fire Protection District and the City of San Ramon moved forward with an annexation of the Dougherty Regional Fire Authority to the SRVFPD. With this annexation, the District extended its fire service boundary to the Contra Costa/Alameda County line.

The District has accomplished many notable achievements, including a number of administrative staffing enhancements, new station facilities for its citizens and improved apparatus in the field. These successes have proven to be very beneficial to the communities which the District serves.

The San Ramon Valley Fire Protection District's evolution over the past 100 years is remarkable and its endeavors impressive. The following is a summary of key milestones and accomplishments since its inception.

HISTORY

NOVEMBER 1911

A meeting which had been arranged by the Danville Improvement Club was held for the purpose of organizing a volunteer fire department for Danville.

MARCH 1912

A “Fireman’s Ball” was held to finance the Danville Farm Fire Defense District. The net proceeds of \$100 realized at the event were deposited into the first bank account.

APRIL 1922

The Danville Fire Protection District (DFPD) purchased its first fire truck for \$4,140. The new truck was a Reo-American La France, which replaced a trailer equipped with ten 10-gallon milk cans full of water. The volunteer, who got to the trailer first, hitched it to their vehicle and pulled it to the fire. Gunnysacks were soaked in the water and then used to beat out the fire.

MAY 1942

At the height of the war years, government defense funds were provided to have a man sleep in the firehouse.

OCTOBER 1942

The Danville Fire Protection District entered the County Mutual Aid plan.

JANUARY 1958

A second firehouse was completed and located in Alamo.

JANUARY 1966

The Danville Fire Protection District established its first training program with the objective of developing new recruits with the ability to properly, safely and efficiently use the tools and equipment normally carried on fire apparatus.

JULY 1969

The DFPD purchased land to relocate and construct Station 1 at 800 San Ramon Valley Boulevard in Danville and renamed it Station 31.

FEBRUARY 1975

The DFPD completely modernized its communications system.

MAY 1975

The DFPD received its first ambulance donated through the “Helen Howell Fund raiser.”

JANUARY 1977

The DFPD received an improved Class Rate from Class 5, issued in 1962, to Class 4. This illustrated an adequate level of fire protection facilities provided and maintained within the rapidly growing communities protected.

JANUARY 1978

As a result of population growth, emergency medical response service for the DFPD increased 42% over those in 1976.

HISTORY

FEBRUARY 1984

The San Ramon Valley Fire Protection District began staffing its ambulance units with paramedic service through a public/private partnership with John Muir Hospital.

JULY 1989

Issued \$13,100,000 Certificates of Participation for the acquisition and construction of certain land, equipment and capital improvements within the District. The primary projects included the construction of Station 36, Station 38 and the Administrative Office Building, and the remodeling of Station 31 and Station 33.

APRIL 1992

Station 36, located in Tassajara Valley, was staffed to provide 24-hour protection. This station was formerly a volunteer-staffed station under the former Tassajara Fire Protection District.

MAY 1993

Refinanced Certificates of Participation issued in 1989 in an aggregated principal amount of \$10,500,000.

FEBRUARY 1995

A public safety trailer called the “Safety House” was added to the District’s fleet, allowing the Fire Prevention Division to teach home fire safety to school age children.

JULY 1997

The SRVFPD published its first community newsletter, serving 38,000 households in the area. The newsletter provides timely information on seasonal fire prevention issues.

JULY 1997

The SRVFPD negotiated a “Single Paramedic Program” with Contra Costa County Emergency Medical Services, beginning the conversion to a Firefighter/Paramedic ambulance service.

SEPTEMBER 1997

The SRVFPD’s Communication Center became accredited for pre-arrival medical instructions and call triaging. The District has consistently maintained this accreditation.

FEBRUARY 1999

As a result of a rating review, the Insurance Services Office (ISO) granted the SRVFPD an upgrade from Class 3 to Class 2 in the urban/suburban area. This improved rating tremendously impacts the community the District serves. Commercial buildings can save from 2.5% to 4.5% on their base fire insurance rates. Nationally, only 1% of agencies hold this prestigious achievement. The District is a Class 5 in the rural areas and a Class 8 in the very remote rural areas.

HISTORY

JULY 1999

The Board of Directors designated the Fire Chief as the first Treasurer of the District.

OCTOBER 1999

The SRVFPD gained “fiscal management” independence from Contra Costa County for financial reporting services. With the hiring of the District’s first Chief Finance Officer in March of 1999, an “in-house” payroll, accounting and cash management system commenced, terminating the District’s contractual agreement with Contra Costa County.

JULY 2000

The SRVFPD entered into a seven-year contract with Local 3546, a Memorandum of Understanding covering July 1, 2000

through June 30, 2007.

SEPTEMBER 2000

A Chaplaincy program, operating in a non-denominational setting, was instituted with its primary purpose to assist District personnel and their families for life needs. During the year, the program began “outreach” assistance into the community.

JANUARY 2001

The District formed an official Honor Guard with the mission to provide honor and respect to firefighters who have fallen in the line of duty serving their community and country and to instill respect for national, state and local flags.

FEBRUARY 2001

Reclassified two Fire Prevention Inspector positions to Deputy Fire Marshal, reorganizing the internal structure of the Division to provide better service to the community.

JUNE 2001

The SRVFPD broke ground for Station 30, located in Dougherty Valley. This turnkey facility, built and equipped by local developers, opened on June 1, 2002.

NOVEMBER 2001

The District began staffing every first run unit with one Paramedic for every emergency call.

DECEMBER 2001

The District prepared its first Comprehensive Annual Financial Report for evaluation and award consideration by the Government Finance Officers Association and the California Society of Municipal Finance Officers Association.

NOVEMBER 2002

The District held its first annual Employee Recognition Dinner and Awards Ceremony to acknowledge the efforts put forth by each and every employee.

JUNE 2003

The Board of Directors adopted a new “mission” statement as a result of the strategic planning process.

HISTORY

JUNE 2003

Refinanced Certificates of Participation issued in 1993 for an aggregated principal amount of \$8,910,000.

AUGUST 2003

The District's Rescue Division was awarded Certification as an Office of Emergency Services "Medium Rescue Unit." This certification is an important acknowledgement of the District's ongoing effort to provide emergency services during major disaster incidents.

MARCH 2004

The District instituted the Citizen's Emergency Response Team in coordination with the Town of Danville, City of San Ramon, San Ramon Valley Unified School District and Contra Costa County Office of Emergency Services.

JULY 2004

The District placed into service a Type 1 Communication Support Unit, the first totally self-contained mobile communications post in Contra Costa County.

MARCH 2005

The SRVFPD, along with the American Heart Association, Contra Costa County Emergency Medical Service Agency and the San Ramon Regional Medical Center, started the Public Access Defibrillation Program. The program places Automatic External Defibrillators in schools, public buildings and businesses.

JUNE 2006

Issued \$9,485,000 Certificates of Participation for the acquisition and construction of certain land, equipment and capital improvements within the District. The primary projects included the relocation and construction of Station 36, replacement of Station 32 in Alamo and construction of an apparatus storage building at Station 31.

JUNE 2007

The District hired its first full-time Technology Manager, and conducted a complete reassessment of the District's Intergraph Computer-aided Dispatch System. This reconfiguration of the matrix, deployment plan and dispatch workflow was the most significant enhancement to the District's Computer-aided Dispatch System since its installation in 1993. Going live with the new model was the culmination of months of planning, training and implementation, streamlining and improving the reliability of many dispatch operations.

JULY 2007

The District added an additional ambulance to its emergency response fleet. This ambulance and two person crew are stationed at Station 31.

OCTOBER 2007

The Fire Prevention Division prepared and adopted an ordinance for implementation of the new 2007 California Fire Code. This involved many months of review as the new code differed greatly in many ways from the prior code. The resulting draft document was subjected to public hearings and meetings of directly impacted home builders and other stakeholders. After several meetings and in consideration of other laws impacting application of certain provisions the document was adopted by the Fire District Board of Directors in October 2007.

HISTORY

The most significant element contained in the ordinance, for this Fire District, was the lowering from 5,000 sq. ft. to 3,600 sq. ft. the threshold for installation of residential sprinkler systems. This requirement became effective July 1, 2008.

DECEMBER 2007

Three new Tractor – Driven Ladder trucks (Tiller trucks) were placed in service.

FEBRUARY 2008

The District began construction of the new fire Station 36, an apparatus storage building at Station 31, and design of the new fire Station 32.

JANUARY 2009

The District purchased land at 2100 Stone Valley Road for the replacement and relocation of Fire Station 32.

FEBRUARY 2009

The Board of Directors adopted a new five-year Strategic Plan for the period of 2008-2013.

FEBRUARY 2009

The District published the first complete Pre-Incident Aerial Survey manual containing 271 targeted locations.

FEBRUARY 2009

A new public safety trailer called the “Fire Safety House” was added to the District’s fleet, allowing the Fire Prevention Division to teach home fire safety to school age children.

MARCH 2009

The District published the first complete Company Performance Standards manual for training and incident use.

APRIL 2009

The District launched its new web content management system and domain (www.firedepartment.org) to provide the information and services that the community needed to efficiently interact with the District online.

JUNE 2009

The Board of Directors authorized the establishment of a GASB compliant IRS Section 115 Trust through CalPERS dedicated to the purpose of pre-funding Other Post Employment Benefit obligations. The Trust was established with a \$3,500,000 contribution from the General Fund.

AUGUST 2009

The District begins construction of the Station 36 Apparatus Storage Building. The facility will house a wide variety of resources and supplies such as reserve apparatus and equipment, electric EMS carts, food and pharmaceutical caches, as well as other emergency preparedness supplies.

MARCH 2010

The District placed two new replacement ambulances in service at Fire Station 31 and Fire Station 34 to provide improved emergency medical care and transport to the community.

APRIL 2010

The District website, FireDepartment.org, was nominated for best government website by the International Academy of Digital Arts and Sciences. firedepartment.org was among five government sites worldwide to receive a “Webby” nomination.

HISTORY

APRIL 2010

The District announces a first of its kind iPhone application providing a virtual window into the communications center. The application offers real-time access to emergency activities occurring in the jurisdiction.

AUGUST 2010

After a unanimous vote of approval by the full Commission during a public hearing in Chicago the District became the first agency in Contra Costa County and only the sixth fire department in the State of California to achieve Commission on Fire Accreditation International (CFAI) accreditation.

JANUARY 2011

District deploys revolutionary new mobile phone application that notifies trained bystanders of nearby cardiac arrest events. Soon after, the District announces a new foundation to ambitiously share it with other communities around the globe.

JANUARY 2011

The District is designated by Contra Costa County Health Services as a HeartSafe Community.

AUGUST 2011

On August 27, 2011 the District was recognized by the International Association of Fire Chiefs (IAFC) and U.S. Safety Fire Technologies with the presentation of the Fire Service Global Award for Excellence. This top honor international award recognizes innovation and achievement in managing resources to reduce the loss of life and property from fire and other emergencies.

OCTOBER 2011

The District became one of two new Districts of Distinction as named by the California Special Districts Association (CSDA) and the Special Districts Leadership Foundation (SDLF). The “District of Distinction” is one of the most prestigious local government awards in the State of California. This accreditation validates the Fire Districts commitment to good governance and to ethical and sound operating practices. The accreditation criteria included the submission of financial audits, relevant policies and procedures and proof of training completed by each of the District’s Board of Directors and executive management team in ethics, governance, and leadership.

NOVEMBER 2011

The CPR in Schools Pilot program successfully taught over 250 seventh grade students the life saving skill of hands only CPR and proper use of an AED.

MARCH 2012

The District Celebrates a Century of Service to the San Ramon Valley. District employees, past and present, commemorated this milestone with badges, belt buckles, t-shirts and an openhouse event.

THE DISTRICT TODAY

The San Ramon Valley Fire Protection District is an autonomous Special District as defined under the Fire Protection District Law of 1987, Health and Safety Code, Section 13800, of the State of California.

The SRVFPD is responsible for providing the highest level of emergency and non-emergency services to the community in an effort to protect life, the environment and property.

A five member Board of Directors, elected by their constituents and each serving a four-year term, governs the District. The Directors meet once a month at the Administrative Office, headquartered in San Ramon, to determine overall policy for the District. Special committee meetings provide oversight in four areas: Personnel, Finance, Facilities and Long Range Planning/Fire Prevention.

The Fire Chief oversees the general operations of the District in accordance with the policy direction prescribed by the Board of Directors. The Fire Chief serves as the Treasurer of the District. At present,

the Fire Chief is supported by his executive staff, consisting of the District Clerk, a Division Chief/Fire Marshal, two Assistant Chiefs and the Administrative Services Director.

The two Assistant Chiefs, Division Chief/Fire Marshal, and the Administrative Services Director are responsible for four distinct operational functions of the District. The Operations Assistant Chief is responsible for the delivery of emergency services to the citizens and public, overseeing the training and education of District personnel and the design of vehicles and apparatus. The Assistant Chief of Support Services ensures that current and future information management systems for communication are adequate, and facilities, equipment, apparatus and vehicles are maintained and updated. The Division Chief/Fire Marshal ensures that prevention services are efficient and effective, and oversees code compliance, exterior hazard abatement and provides public education to citizens and customers of the District. The Administration Services Director oversees personnel standards and procedures, labor negotiations and workers' compensation, and is responsible for the District's financial policies, systems and procedures, including cash management and investments, accounting and budgeting, accounts receivable/payable, payroll, attendance, purchasing, risk management and fixed assets.

The District employs 190 personnel, in addition to approximately 50 volunteers for two separate volunteer programs. The District maintains ten fire stations, two annex buildings, one training site and one Administrative Office Building, all strategically located within the District. Of the ten stations,

nine stations house paid firefighters and one remote station is staffed by 15 volunteer personnel. The District staffs 15 companies, including structure and wildland engines, ladder trucks, ALS ambulances and specialized Hazardous Materials, Rescue, Communications and other support units. The District staffs four additional companies with volunteer firefighters at Fire Station 37 and Fire Station 40 in the Morgan Territory. In addition, the District operates its own Communications Center staffed daily with three dispatchers. All other Administrative personnel reside at the Administrative Office.

Internal Control - In developing and evaluating the District's accounting system, priority is given to the accuracy of internal accounting control. Internal accounting controls are designed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, the accuracy and reliability of accounting data and the adherence to prescribed managerial policy. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived, and the cost-benefit analysis requires estimates and judgments by management.

Accounting System and Budgeting Controls - The District's accounting and budgeting records for the basic financial statements in this report conform to generally accepted accounting principles (GAAP) according to standards established by the Governmental Accounting Standards Board.

The District maintains extensive budgetary controls. The District's Annual Budget, adopted prior to July 1, provides overall control of revenue and expenditures, including appropriations (budgeted expenditures) on a line item basis and the means of financing them (budgeted revenue). The District's accounting system produces monthly reports on expense activity that assist Department/Division Managers to monitor activities and programs. These reports are also reviewed by the Finance Supervisor, Administrative Services Director and Fire Chief to assure budgetary compliance.

As a recipient of federal, state and county financial assistance, the District is responsible for ensuring that an adequate control structure is in place to comply with applicable laws and regulations related to those

programs. This internal control structure is subject to periodic evaluation by the Finance staff of the District.

Management's Discussion and Analysis (MD&A) - GASB requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of MD&A. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Financial Condition - Fund balance designations in the general fund fall within the policy guidelines set by the Board for budgetary and planning purposes. The District Reserve Policy requires a minimum fund balance of at least 50% of the operating revenues in the General Fund at fiscal year-end.

Audit of Financial Statements - The District contracts for an independent audit each year to provide reasonable assurance that its financial statements are free of material misstatements. This annual audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. The District engaged the accounting firm of Vavrinek, Trine, Day and Company, LLP to

perform the audit of its financial statements. The auditor has issued an unmodified opinion on the District's financial statements indicating they are fairly presented in conformity with GAAP.

Single Audit - The District engaged the accounting firm of Vavrinek, Trine, Day & Company, LLP to perform the audit of the expenses of federal awards required by the Single Audit Act of 1984 and Amendments of 1996, and the related OMB Circular A-133. As part of the Single Audit, tests were made to determine the adequacy of internal controls related to the administration of federal financial assistance programs and to determine that the District had complied with applicable laws and regulations.

SERVICE AREA AND SERVICES

The District's service area encompasses approximately 155 square miles, covering the communities of Alamo, Blackhawk, the Town of Danville, Diablo, the City of San Ramon, the southern area of Morgan Territory and the Tassajara Valley.

Within the boundaries of the District are expansive wildland areas, large single homes and multi-family residential complexes, hotels, a regional hospital, numerous convalescent/assisted living facilities, equestrian areas, hiking trails, rock climbing areas and a facility housing a low-level nuclear reactor. The District is also

bisected by a major interstate highway (I-680).

The District serves a population of approximately 182,000. On business days, this figure grows by another 30,000 to include the personnel employed in the Bishop Ranch Business Park. Bishop Ranch is a 585-acre development with nine million square feet of office space located in San Ramon. The business park is comprised of over 300 diverse companies, ranging from large, well known Global 500 companies to innovative start-ups.

The District's philosophy with regard to fire, medical or hazardous material emergencies has

been one of a rapid and effective deployment of appropriate resources to mitigate any emergency, as recognized by a Class 2 Insurance Service Office (ISO) rating. The District's goal is to maintain overall response times consistent with the District's "Standards of Cover" policies. Under normal conditions, there are 15 paid emergency response companies that can be deployed for an emergency within the boundaries of the District. In addition, the District serves as the primary Emergency Operations Center (EOC) location for the Town of Danville and the City of San Ramon.

When the first units for a structure fire are dispatched, the three closest engines, two ladder trucks, an ambulance company and the shift Battalion Chief are assigned. In some of the rural areas of the District where hydrants are not available, the response includes water tenders.

Dispatchers are highly trained to assist the caller in life saving techniques (CPR with respiratory emergency, cardiac emergency, childbirth, etc.) prior to the arrival of the emergency responders. In 1997, the District's Communications Center became recognized as the world's seventh accredited emergency medical dispatch center. This award was achieved and has been maintained through conscientious adherence to proven emergency medical dispatch protocols. The District has been reaccredited in 2000, 2004, 2007 and 2011. The next accreditation is due in December 2015.

In the spring of 1995, the District began staffing selected units with Firefighter/Paramedics to provide citizens with a higher level of service. Currently, the District has a sufficient number of paramedics to ensure there is a paramedic on every unit at all times. The District's medical calls receive a "First Responder" response that includes pre-arrival instructions by dispatch, as the first step in the treatment process. A patient is then treated by a team, including at least one paramedic, who arrives in the closest unit to the emergency. Patients

are evaluated and, if necessary, transported by a paramedic-staffed District ambulance. In some cases, transport via air ambulance is necessary. The District maintains close communications with several air ambulance services in the area. District personnel have been trained and are committed to their obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its regulations known as the "Privacy Rule" for the protection of individually identifiable health information.

The District must be prepared for emergencies and potential exposure to hazardous materials in the area of the Interstate 680 corridor that passes through the San Ramon Valley. Trucks and other vehicles carry virtually every known hazardous material to points within the Greater Bay Area. The District maintains a hazardous materials team composed of members from the Suppression staff that are highly trained as hazardous materials technicians and specialists.

An important non-emergency activity for suppression/ambulance personnel which benefits the public is training. The District, through its Training Division, strives to continually provide training programs that are both innovative and relevant. All District Firefighters are trained EMTs (1A) and State Certified Firefighters with specialized defibrillator training. For programs such as Hazardous Materials, Emergency Medical, and

Confined Space Rescue Operations, re-certification is mandated by State and/or Federal law. Other specialized training programs cover such diverse topics as Structural and Wildland Firefighting Operations, Urban Search and Rescue skills, Disaster Preparedness, Night Drills and Auto Extrication skills using various tools and techniques.

The District's Training Division is also actively coordinating periodic training with many local agencies, such as the Town of Danville, the City of San Ramon, Mt. Diablo State Park and Cal Fire. Some of the classes offered to these agencies and the public are in Hazardous Materials, Emergency Operations Center Training, CPR certification and re-certification.

The District provides full service fire prevention functions. The Fire Prevention Division works closely with various community agencies, utility providers and builders to facilitate all construction activities in the District. The Division performs inspections for code compliance, weed abatement, fire suppression systems, fire warning, smoke control and water systems to ensure those facilities meet fire safety codes.

The District has enacted a comprehensive fire prevention ordinance that includes sprinkler requirements for most commercial buildings and residential buildings exceeding 3,600 square feet. This approach has led to a higher degree of fire and life safety and reduced insurance costs.

The District's public education programs, providing safety and disaster preparedness information and extends beyond the traditional school safety programs. The program reaches out to the elderly, community groups and local businesses. The traditional fire safety school program has been expanded to provide a 30-minute in-classroom teaching activity for all classes K through 5th grade. The interactive and informative presentations reach more than 12,000 students annually.

The District works closely with community organizations, such as service clubs and local Chambers of Commerce, for distribution and installation of smoke alarms for newborn babies and the elderly and neighborhood disaster preparedness activities for the entire area. Supplemental disaster preparedness training is available to schools and neighborhood groups who have completed steps for their own personal preparedness (i.e. reduction of non-structural hazards, food and water supplies for 72 hours.) The program's intent is to enable citizens to take care of themselves and others during and after a disaster when emergency resources are overwhelmed.

The District has accelerated its community training activities with the Community Emergency Response Team (CERT) program. A goal of the program is to have CERT members geographically located throughout the District and trained to assist their neighbors or coworkers following a natural disaster when professional responders are not immediately available to help.

The District partners with the City of San Ramon and the Contra Costa County Sheriff's Department in supplying gas and diesel fuels for City and County vehicles. The District also leases space to various tenants to erect and operate communication facilities (Utility Easement Towers) at Fire Station 31.

The District's HeartSafe Community Committee's mission is to encourage residents to learn hands-only CPR, promote the placement of public access AEDs in local businesses and community buildings, and facilitate the CPR in the Schools program. Since the committee achieved HeartSafe status in January of 2011, they have trained over 6000 community members in hands-only CPR and the proper use of an AED. Additionally, during this time the District has seen a sharp increase in the occurrence of bystander CPR.

APPARATUS

The San Ramon Valley Fire Protection District's fleet is made up of emergency vehicles/apparatus which must always be available and kept in a state of readiness. Among these resources are: Eighteen Type 1 engines, three Type 1 Tractor Driven Aerial Ladder Trucks (100'), one reserve ladder truck, fourteen Wildland units (twelve Type 3 engines and two Type 4 engines). For rural responses, the District is equipped with: One 1,500 gallon all-wheel water tender (with 60 gallons of AFFF foam), one 2,800 gallon water tender with a 3,000 gallon porta-tank, one 2,500 gallon all-wheel-drive water tender with a 2,100 gallon porta-tank, which carries Class A and AFFF foam with portable pumps and tanks.

The District's Type 1 engines, Type 3 engines and all trucks carry Advanced Life Support (ALS) emergency medical equipment, including oxygen, defibrillator units and ALS medications. In addition, these vehicles are fully equipped to respond as needed to mitigate any emergency including fire, rescue, hazardous material spill or vehicle accident.

A Type 1 Communications Support Unit, which is a totally self-contained mobile communications

post, provides an all risk resource for the District and surrounding agencies. This mobile unit is specifically designed to provide the rigidity needed to operate on the steep fire roads it may encounter and has an extra 20" raised roof for a stand-up work area.

The apparatus is equipped with four dispatch positions, three separate sources of power, a technology area, a small conference room for planning and operations, a restroom and a small kitchenette. The primary operation of the unit is accomplished through a cadre of Communications Volunteers who are specifically trained to operate the technology of the unit, as well as trained to drive the vehicle. The District and Contra Costa County Fire Protection District employ a number of personnel who have been trained as Incident Dispatchers for the unit. The unit has been a valuable resource for several mutual aid events since being placed in service in 2004.

The District has five Advanced Life Support modular ambulances, all of which are equipped with Hurst tools and rope rescue equipment. All the units are equipped to meet the needs of paramedic service. In addition, the District maintains two reserve ambulances and a multi-casualty unit that can be placed into service as needed.

The District's Breathing Support Unit is a multi-

functional piece of equipment that can fill both high and low pressure air bottles, with an air storage capacity capable of filling 100 bottles. The unit is equipped with large pop-up scene lights, salvage equipment, medical supplies and other items, such as hot coffee, soups and beverages for the support of crews working on an extended incident.

Through the Homeland Security Grant process, the District acquired a state-of-the-art emergency response vehicle for its Type II HazMat team. The crew and vehicle provide assistance for a wide variety of calls such as: spills, abandoned chemicals, carbon monoxide emissions, natural gas leaks, household chemical issues, structure fires, pipeline ruptures, vehicle accidents involving tankers and industrial accidents. The apparatus is stocked with the most modern hazardous materials detection equipment, advanced life support supplies and hazardous materials databases information line.

The District's Urban Search and Rescue Unit carries a complete complement of ropes, hardware and rescue baskets for utilization in areas of high peaks and crevices or during earthquake operations or other natural disasters. It also carries an on-board air compressor for various pneumatic tools. This unit meets State OES standards and has been certified as a medium rescue apparatus.

AWARDS

The Government Finance Officers Association of the United States of America and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting (CAFR) to San Ramon Valley Fire Protection District for its comprehensive annual financial report for the year ended June 30, 2012. This was the twelfth consecutive year the District has achieved this prestigious fiscal award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report reflects the combined and dedicated effort of District staff, particularly in the Finance Division. Staff in each department has our sincere appreciation for their contributions in the preparation of this report.

ACKNOWLEDGEMENTS

We would like to take this opportunity to express our sincere appreciation to the Board of Directors for their continued support to maintain the highest standards of professionalism in the management of the District's finances.

SUMMARY

The San Ramon Valley Fire Protection District's leadership and its staff bring an effective combination of skills, experience and dedication to carry out the District's mission:

*“IN THE SPIRIT OF OUR TRADITION, WE STRIVE FOR EXCELLENCE, RESPECTFULLY
SERVING ALL WITH PRIDE, HONOR AND COMPASSION”*

As stated in the Strategic Plan, San Ramon Valley Fire Protection District is committed to these goals:

- Financial sustainability to provide the highest level of service possible in the present while planning and acting for the ability to maintain these ideals indefinitely.
- Personnel development through mentoring, training and supportive policy to assure the District has well qualified personnel to meet current and future needs.
- Provide organizational clarity by fully understanding the District's role in providing public value for our communities, continually evaluating our programs and practices, and commitment to individual responsibility toward the success of our goals.
- Information-led Management that emphasizes high accountability at all levels of the organization, strategic response to organizational challenges that rapidly remove impediments to high performance, and capitalization of the expertise and input of all District personnel.
- Achieve Commission on Fire Accreditation International Accreditation by thoroughly assessing District practices and comparing our effectiveness next to the best practices in the industry.

Sincerely,

Paige Meyer
Fire Chief

Kenneth R. Campo

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the
San Ramon Valley Fire Protection District
San Ramon, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the San Ramon Valley Fire Protection District (the District), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2013, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1 to the financial statements, the District adopted new accounting guidance, Governmental Accounting Standard Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources*, effective July 1, 2012. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, and schedules of revenues and expenditures, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules of revenues and expenditures on pages 45 to 48 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules of revenues and expenditures is fairly stated in all material respects, in relation to the basic financial statements as a whole

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering San Ramon Valley Fire Protection District's internal control over financial reporting and compliance.

VarrineK, Trine, Day & Co., LLP

Pleasanton, California

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Our discussion and analysis of the San Ramon Valley Fire Protection District provides the reader with an overview of the District's financial position and performance for the fiscal year ending June 30, 2013. The MD&A describes the significant changes from the prior year that occurred in general operations and discusses the activities during the year for capital assets and long-term debt. The discussion concludes with a description of currently known facts, decisions and conditions that are expected to impact the financial position of the District's operations. We encourage the reader to consider the information presented here in conjunction with the additional information furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

GOVERNMENT-WIDE

- The District ended its fiscal year with a net position of \$31,740,189.
- The total Program Expenses were \$57,673,399.
- The total Program Revenues were \$5,449,686.
- The total General Revenues were \$48,897,671.
- The change in Net Position represents a decrease of \$3,326,042 in expenses over revenues.

GENERAL FUND

- The General Fund operating revenues exceeded expenses by \$3,504,745.
- The actual resources received in the General Fund exceeded final budget by \$685,341, while actual expenditures were less by \$2,475,993.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$10,429,400 or 20% of General and Debt Service Fund expenditures.

ANNUAL REPORT OVERVIEW

This annual report consists of a series of financial statements. The District's basic financial statements are comprised of three components: Government-wide financial statements, Fund financial statements and Notes to the basic financial statements. This report also contains supplementary information and statistical data in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements provide the reader with a longer-term view of the District's activities as a whole and comprise the Statement of Net Position and Statement of Activities. The manner of presentation is similar to a private-sector business.

The Statement of Net Position presents information about the financial position of the District as a whole, including all its capital assets and long-term liabilities on the full accrual basis. Over time, increases or decreases in net position is one indicator in monitoring the financial health of the District.

The Statement of Activities provides information about all the District's revenues and expenses on the full accrual basis, with the emphasis on measuring net revenues or expenses of each specific program. This statement explains in detail the change in Net Position for the year.

All of the District's activities in the government-wide financial statements are principally supported by taxes, intergovernmental revenues and fire-related charges, i.e. ambulance services and inspection fees. The government activities of the District include general government and interest on long-term debt.

The government-wide financial statements use the full accrual basis of accounting method which records revenues when earned and expenses at the time the liability is incurred, regardless of when the related cash flows take place. These statements include the District itself (known as the primary government), and the activity of its legally separate component unit, the San Ramon Valley Fire Protection District Financing Corporation. Because the District Board acts as the governing board for the Corporation and because they function as part of the District government, the activities are blended with those of the primary government.

The government-wide financial statements can be found on pages 12 and 13 of this report.

GOVERNMENTAL FUND FINANCIAL STATEMENTS

The governmental fund financial statements provide more detailed information about the District's funds, focusing primarily on the short-term activities of the organization. The Governmental Fund Financial Statements measure only current revenues and expenditures and fund balances, excluding capital assets, long-term debt and other long-term obligations.

All of the District's basic services are considered to be governmental activities. San Ramon Valley Fire Protection District's services are supported by general District revenues such as taxes, ambulance services and inspection fees. In the District's case, the six funds of the primary government (General Fund, Capital Projects Fund, Federal Grant Capital Projects Fund, Equipment Replacement Fund, San Ramon Valley Fire Community Fund and Debt Service Fund) are presented individually.

Government funds focus on how money flows into and out of the fund and the balance left at year-end available for spending. These funds are reported using an accounting method called the modified accrual method, which measures cash and all other financial assets that can readily be converted to cash. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in a reconciliation following the fund financial statements and in Note 7.

Notes to the Basic Financial Statements: The notes provide additional information that is essential to the reader for a full understanding of the data provided in the Government-wide and Fund Financial Statements.

Other Information: In addition to the Basic Financial Statements and accompanying notes, this report also presents certain Required Supplementary Information such as Budgetary Comparison Schedules and a Statistical Section, providing financial tables conforming to GASB 44 standard requirements and historical trend data on the District.

FINANCIAL ACTIVITIES OF THE DISTRICT AS A WHOLE

This analysis focuses on the net position and changes in net position of the District's Governmental Activities (Tables 1, 2 and 3), as presented in the District-wide Statement of Net Position and Statement of Activities that follow.

Table 1

Condensed Net Position at June 30, 2013
(in thousands)

	Governmental Activities	
	2012	2013
Cash and investments	\$ 40,305	\$40,948
Other assets	728	390
Capital assets	32,492	33,636
Total assets	73,525	74,974
Long-term debt outstanding	16,581	15,370
Other liabilities	21,878	27,863
Total liabilities	38,459	43,233
Net position:		
Net investment in capital assets, net of debt	15,911	18,266
Restricted	1,656	1,567
Unrestricted	17,499	11,907
Total net position	\$35,066	\$31,740

The following points explain the major changes impacting net position as shown in Table 1:

- Cash and investments increased \$642,322 from last year. This was primarily due to proceeds from the sale of surplus fire apparatus and increased ambulance transport revenues.
Other assets decreased \$337,147 or 46%, due to a decrease in accounts receivable related to a redevelopment property tax residual distribution accrual stemming from the 2012 dissolution of redevelopment agencies in California.
- Capital assets increased \$1,143,584 or 4%, due primarily to the replacement acquisition of new medic ambulances (\$230,000), radio equipment (\$1,384,000; acquired with federal grant proceeds), emergency medical equipment (\$868,000) and improvements to a new fire station site (\$654,000), net of current depreciation (see Note 3).
- Long-term debt outstanding decreased \$1,210,833 due to scheduled debt service payments (see Note 5).
- Other liabilities increased 16% or \$5,985,635, due principally to an increase in the liability associated with post-employment benefits (retired employee healthcare benefits) at June 30, 2013 (see Note 9).
- Net investment in capital assets, increased \$2,354,418, due to debt service payments and capital asset additions noted above.

- Restricted net position includes: (1) The Reserve Fund for the 2003 Refunding Certificates of Participation equal to \$730,078; (2) The Reserve Fund for the 2006 Capital Improvement amounts equal to \$599,404; and (3) a \$238,000 deposit on land for a new training center. Both Reserve Funds for the Certificates of Participation are held with the Trustee, US Bank.
- Unrestricted net position represents those assets that can be used to finance day-to-day operations without constraints established by debt covenants or other legal requirements. Unrestricted net position of \$11,907,027 are available for operations and other expenses approved by the District Board of Directors.

FISCAL YEAR 2013 GOVERNMENTAL ACTIVITIES

Based on GASB 34 revisions to the format of the fund financial statements, only the individual major funds are presented, with non-major funds combined in a single column. Table 2 summarizes the combined governmental activities. The narrative that follows describes the individual program expenses, program revenues and general revenues in more detail.

Table 2
Condensed Statement of Changes in Net Position
(in thousands)

	2012	2013
Expenses		
Public Safety – Fire	\$56,404	\$57,028
Interest on long-term debt	967	646
Total Program Expenses	<u>57,371</u>	<u>57,674</u>
Revenues		
Program Revenues:		
Operating grants and contributions	462	1,874
Charges for services	2,985	3,576
Total Program Revenues	<u>3,447</u>	<u>5,450</u>
General Revenues:		
Taxes:		
Property taxes	49,329	48,508
Use of money and property	99	58
Other revenue	61	332
Total General Revenues	<u>49,489</u>	<u>48,898</u>
Total Revenues	<u>52,936</u>	<u>54,348</u>
Change in Net Position	(4,435)	(3,326)
Beginning Net Position	<u>39,501</u>	<u>35,066</u>
Ending Net Position	<u>\$35,066</u>	<u>\$31,740</u>

EXPENSES

Public Safety expenses totaled \$57,027,698 for the fiscal year ended June 30, 2013. The salary and benefit category, totaling \$45,219,529, increased only slightly, by \$434,870 or 0.2%, over the previous year. The remaining operating expenses can be categorized into six main groupings: central garage, maintenance and repairs, rents and leases, professional and other services, services and supplies, and supplies and utilities. These services and supplies totaled \$4,030,652, a 9% decrease from the prior fiscal year.

Annual depreciation expense was \$1,760,536, while compensated absences declined by \$304,513, claims payable increased by 752,006 and the liability for other post-employment benefits increased by \$5,626,491 (See Note 9).

Interest on long-term debt reflects interest paid in the amount of \$645,701 on the 2003 COP, 2006 COP, and Lease Purchase Agreements.

PROGRAM REVENUES

The District was reimbursed \$172,358 by the State of California, Governor's Office of Emergency Services, Fire and Rescue Branch for providing mutual aid services for the California Robbers, WYE, August Lightening, Ponderosa, North Pass, Sixteen, and Scotts Fires. The District also received \$1,701,649 in federal grant proceeds for the replacement mobile and base station radios.

The program revenues that fall under the category of "Charges for Service" include revenue for ambulance service fees, inspection fees, weed abatement charges, CPR classes and reports/photocopies. Of these revenues, ambulance service fees are the District's second most important source of revenue. The revenue received for ambulance services (\$2,743,005) increased by 12% or \$303,232 from the prior fiscal year. The revenue generated from various lease agreements (utility towers at various stations) increased by \$132,000 due to higher rental payments.

GENERAL REVENUES

The primary source of revenue for the operation of the San Ramon Valley Fire Protection District is generated through the collection of secured, unsecured and supplemental property taxes. During the last fiscal year, the overall assessed valuation increased 0.2%. Property tax revenue, however, declined by \$821,865 or 1.6%, as a result of property tax refunds relating to successful, prior year appeals of property valuation. The District's interest earnings decreased \$40,578 or 41% due to significantly lower interest rates and lower average invested balances.

GOVERNMENTAL ACTIVITIES

Governmental Funds

At June 30, 2013, the District's governmental funds reported combined fund balances of \$38,124,497 which is an increase of \$391,339 compared to the prior year. This change is attributable to an increase of \$46,513 in the General Fund, a decrease of \$307,236 in the Federal Grant Capital Projects Fund, and an increase of \$667,361 in the Equipment Replacement Fund. There was little change in the Capital Projects Fund, San Ramon Valley Fire Community Fund and Debt Service Fund balances from the previous year.

Governmental fund revenues increased \$1,496,947 for the year and totaled \$54,433,287. This change is attributable to an increase in Federal Grant Capital Projects Fund revenue of \$1,456,498. The District received grant funding through the Assistance to Firefighters Grant program for the purchase of replacement radios. General Fund revenue was essentially flat as the \$821,865 decline in property tax revenue was offset by increases in charges for services (\$458,612), rents (\$132,042) and other revenue (\$363,776). The expenditures for the Governmental

Funds were \$54,041,948, an increase of \$1,124,438, or 2% over last year. General Fund expenditures were relatively unchanged, with a minor increase of \$41,189; Capital Projects Fund expenditures increased by \$443,142 due to design and site preparation work for a new fire station; Federal Grant Capital Projects Fund spending was up \$2,021,167 due to spending for the replacement of mobile and base station radios; Equipment Replacement Fund expenditures decreased \$297,654; and Debt Service Fund expenditures decreased \$1,089,989 as the leases associated with the 2004 acquisition of fire engines and other vehicles were fully paid last year.

MAJOR ANALYSES OF GOVERNMENTAL FUNDS

GENERAL FUND

The General Fund is the general operating fund of the District, and is used to account for all financial resources relative to operations. The major source of revenue is property taxes, which accounts for over 89% of the District's operational funding. Charges for ambulance transport services and fire prevention activities make up the balance of funding for operations. Interest earnings and rent for cell tower sites provide a small amount of additional funding, but these amounts can vary greatly from year to year.

Overall, General Fund revenue and expenditures were flat compared with the previous year. Essentially, the District increased cost recovery for ambulance transports and fire prevention services to offset the negative impacts of the recession on property values and property tax revenue in order to fund the same level of service.

The net "transfers out" from the General Fund decreased \$188,291 in fiscal year 2012-13, to a total of \$3,458,232. The transfers covered annual debt service payments, various capital projects expenditures in the Capital Projects Fund, the District's local agency match for the purchase of mobile and base station radios in the Federal Grants Capital Projects Fund, and the equipment purchases in the Equipment Replacement Fund.

At June 30, 2013, the fund balance of the General Fund totaled \$33,091,922. The ending General Fund balance was classified as committed, assigned and unassigned. The committed fund balance totaled \$22,505,833 and was committed for: (1) Workers' compensation claims in the amount of \$1,000,000; (2) Refinery Property Tax Claim in the amount of \$460,000; (3) Station 32 Construction Project in the amount of \$5,527,445 and; (4) Budget Stabilization in the amount of \$15,518,388. The assigned fund balance totaled \$156,689 and was assigned for encumbrances. The unassigned fund balance totaled \$10,429,400. Overall, there was a modest increase in the ending General Fund balance of \$46,513 or 0.1% from the prior year.

The Fund Balance Policy adopted by the Board provides for legal claims, future planned capital projects, budget stabilization resources to mitigate the effects of a prolonged economic downturn, and the subsequent year's budget deficit. In addition, the Policy identifies the need to maintain a minimum fund balance of at least 50% of the operating revenues in the General Fund at fiscal year-end. As of June 30, 2013, the General Fund fund balance met the minimum required amount.

OTHER MAJOR GOVERNMENT FUNDS

The District has a number of projects both completed and in progress totaling \$1,474,185. The projects include architect, engineer and design costs for the new Fire Station 32 and improvements to the Tactical Training Center.

In the Federal Grant Capital Projects Fund, the District purchased mobile and base radios amounting to \$2,021,167. The District also acquired various pieces of equipment through the Equipment Replacement Fund totaling \$130,366.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year there was an increase in General Fund appropriations of \$81,491, or 0.2%, between the original and final amended budget. The increase was principally for additional professional support services.

CAPITAL ASSETS

As of June 30, 2013, the District had \$33,635,676 in net capital assets. The following table identifies the specific governmental activity:

Table 3
Capital Assets at Year-end
(in thousands)

	Government Activities	
	2012	2013
Land	\$7,106	\$7,106
Construction work-in-progress	997	1,474
Buildings and improvements	26,286	26,546
Equipment	26,056	26,475
Less accumulated depreciation	(27,953)	(27,965)
Capital Assets, net	<u>\$32,492</u>	<u>\$33,636</u>

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at estimated fair market value on the date contributed. Capital assets with a value of \$5,000 or more are recorded as capital assets. All capital assets are depreciated over estimated useful lives, using the straight line method. For additional information on capital assets see Note 3.

DEBT ADMINISTRATION

The Debt Service Fund maintains the Reserve for the 2003 Refunding Certificates of Participation and the 2006 Certificates of Participation. During the year, the Debt Service Fund paid principal and interest on the 2003 issue in the amount of \$555,000 and \$172,873, respectively. The principal payment on the 2006 issue totaled \$195,000 and interest was \$401,835. Debt service was also paid on three equipment lease/purchase agreements, in the amount of \$460,833 of principal and \$73,178 of interest. See Note 5 for additional information on long-term debt.

Table 4
Outstanding Debt
(in thousands)

	2012	2013
<i>Governmental Activities</i>		
Certificates of Participation	\$13,630	\$12,880
Equipment Capital Lease Purchase Agreements	2,951	2,490
Total	\$16,581	\$15,370

ECONOMIC OUTLOOK

Even though District employees have not received a pay increase for a number of years, employee costs have continued to rise due to pension and healthcare costs increases. In addition, the District’s unfunded obligation with respect to retiree medical benefits has been steadily increasing as the District has been forced to suspend contributions to its retiree medical trust fund due to lack of funding. At the same time, the District’s largest source of funding, property tax revenues, has been declining.

However, after four consecutive years of using General Fund reserves to maintain services and service levels, the District was able to bring spending in line with revenues during this past year, ending the year balanced. This was accomplished by leaving unfilled, budgeted positions vacant, delaying capital spending and increasing the cost recovery of fee based services where appropriate. Service levels are currently being maintained through the use of overtime, which provides short-term savings. Meanwhile, the local real estate market within the District boundaries has stabilized in 2013, and property values and related property tax revenue are expected to rise in coming years.

During the year, newly hired Fire Chief Paige Meyer led a highly collaborative effort between management and union representatives to address the structural budget imbalance in the District’s General Fund brought on by the negative impacts of the lingering economic recession. Labor and management were able to reach agreement on a number of concessions that both achieve operational cost savings and resume pre-funding of retiree medical benefits. The labor concessions consist of a series of cost-sharing measures whereby employees “pick-up” a portion of the District’s required retirement contributions, as follows: Safety employees - 4% for three years beginning July 1, 2013, totaling 12% after the third year; non-safety - 4% for two years beginning July 1, 2013, totaling 8% after the second year. The retirement cost share is expected to save the District \$838,000 initially and grow to \$2.4 million in 2015-16 when fully implemented. Further operational cost savings will be achieved through an agreed reduction in minimum daily staffing from 43 to 41 effective July 1, 2013, with a further reduction from 41 to 39 effective July 1, 2015. The staffing reduction will save the District an additional \$1.1 million in 2013-14 and grow to \$2.2 million in 2015-16. Financial projections indicate the operational savings generated from these measures will further stabilize the operating budget, bring ongoing spending in line with ongoing revenues and leave the District with adequate funds to cover its dry-period financing needs and provide for an adequate operating reserve.

To address the unfunded liability for retiree medical benefits, employees have agreed to pay 8% of their monthly health premiums and to “cap” the monthly premium paid by the District. The premium cost share is effective July 1, 2013, while the cap on the District’s contribution is effective January 1, 2014. Both measures apply equally to current retirees as well. In exchange, the District has agreed that all savings associated with these changes will be used to pre-fund retiree medical contributions (i.e., paid into the retiree medical benefit trust fund). This is expected to both lower the unfunded liability and reduce the long-term cost of providing retiree medical benefits.

The District continues to regularly review financial projections and make adjustments based on recent trends in real property values and historical growth patterns in the various tax rate areas in the San Ramon Valley, new commercial and residential development, State of California economic forecasts, and changes adopted by the retirement and healthcare systems under which the District provides benefits to its employees. District spending choices are prioritized and reflect public values, with service levels balanced against adequate funding to maintain facilities, vehicles and equipment and providing sustainable employee compensation. The District continues to monitor revenues, expenditures and overall financial condition with the goal of sustaining the high level of service we currently provide to the community.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This Comprehensive Annual Financial Report is intended to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances. Questions about this report should be directed to the Administrative Services Division, at 1500 Bollinger Canyon Road, San Ramon, California, 94583.

STATEMENT OF NET POSITION AND STATEMENT OF ACTIVITIES

The Statement of Net Position and the Statement of Activities summarizes the entire District's financial activities and financial position. They are prepared on the same basis as is used by most businesses, which means they include all the District's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis—the effect of all the District's transactions is taken into account, regardless of whether or when cash changes hands, but all material internal transactions between District funds have been eliminated.

The Statement of Net Position reports the difference between the District's total assets and the District's total liabilities, including all the District's capital assets and all its long-term debt. The Statement of Net Position focuses the reader on the composition of the District's net position, by subtracting total liabilities from total assets.

The Statement of Net Position summarizes the financial position of all the District's Governmental Activities in a single column. The District's Governmental Activities include the activities of its General Fund, along with all its Special Revenue, Debt Service and Capital Projects Funds.

The Statement of Activities reports increases and decreases in the District's net position. It is also prepared on the full accrual basis, which means it includes all the District's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis used in the Fund financial statements, which reflect only current assets, current liabilities, available revenues and measurable expenditures.

The format of the Statement of Activities presents the District's expenses first, listed by program. Program revenues—that is, revenues which are generated directly by these programs—are then deducted from program expenses to arrive at the net expense of each governmental program. The District's general revenues are then listed in the Governmental Activities column, as appropriate, and the Change in Net Position is computed and reconciled with the Statement of Net Position.

Both these Statements include the financial activities of the District and the San Ramon Valley Fire Protection District Financing Corporation, which is legally separate but is a component unit of the District because it is controlled by the District, which is financially accountable for the activities of this entity.

FUND FINANCIAL STATEMENTS

The Fund Financial Statements present individual major funds, while non-major funds (if any) are combined in a single column. Major funds are defined generally as having a significant activities or balances in the current year.

MAJOR GOVERNMENTAL FUNDS

The funds described below were determined to be Major Funds by the District in fiscal 2012-2013.

GENERAL FUND

The General Fund is the general operating fund of the District. It is used to account for all financial resources. The major revenue sources for this Fund are property taxes, ambulance service revenues and interest income. Expenditures are made for public safety and other operating expenditures.

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities. Resources are provided by General Fund transfers and interest income on unspent funds.

FEDERAL GRANT CAPITAL PROJECTS FUND

The Federal Grant Capital Projects Fund is used to account for financial resources to be used to purchase and install radios and equipment for the East Bay Regional Communications System Authority project.

EQUIPMENT REPLACEMENT FUND

The Equipment Replacement Fund is used to account for financial resources to be used for the replacement of equipment and vehicles. Resources are provided by transfers and interest income on unspent funds.

SAN RAMON VALLEY FIRE COMMUNITY FUND

The San Ramon Valley Fire Community Fund is used to account for financial resources to be used to support the community.

DEBT SERVICE FUND

The Debt Service Fund is used to account for accumulation of resources for, and the payment of long-term debt principal, interest and related costs. Resources are provided by General Fund transfers, bond proceeds and interest income on unspent funds.

San Ramon Valley Fire Protection District
 Reconciliation of the Governmental Funds-Balance Sheet
 with the Statement of Net Position
 June 30, 2013

Total fund balances reported on the governmental funds balance sheet \$38,124,497
 Amounts reported for Governmental Activities in the Statement of Net Position are different from above because of the following Governmental Funds:

CAPITAL ASSETS

Capital assets used in Governmental Activities are not current assets or financial resources and therefore are not reported in the Governmental Funds. 33,635,677

LONG-TERM LIABILITIES

The liabilities below are not due and payable in the current period and therefore are not reported in the fund financial statements:

Long-term debt	(15,369,997)
Interest payable on COPs	(242,384)
Claims payable	(2,817,564)
Compensated absences	(1,504,473)
Net OPEB obligation	(20,085,567)
	(20,085,567)

See accompanying notes to financial statements

San Ramon Valley Fire Protection District
Reconciliation of the Net Change in Fund Balances -
Total Governmental Funds with the Statement of Activities
For the Year Ended June 30, 2013

The schedule below reconciles the Net Change in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Position of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$391,339

Amounts reported for governmental activities in the Statement of Activities are different because of the following:

CAPITAL ASSETS TRANSACTIONS

Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense.

The capitalized expenditures are therefore added back to fund balance	2,990,051
Net retirements of capital assets are deducted from fund balance	(85,960)
Depreciation expense is deducted from the fund balance	(1,760,536)

LONG-TERM DEBT PAYMENTS

Repayment of bond principal is an expenditure in the governmental funds, but in the Statement of Net Position the repayment reduces long-term liabilities.

Current portion of interest payable is deducted from fund balance	
Interest accrual at June 30, 2013	(242,384)
Interest accrual at June 30, 2012	244,569
Repayment of debt principal is added back to fund balance	1,210,833

ACCRUAL OF NON-CURRENT ITEMS

The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):

Compensated absences	304,513
Claims payable	(752,006)
Net OPEB obligation	(5,626,491)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES (\$3,326,042)

FIDUCIARY FUND

AGENCY FUND

Agency funds are used to account for assets held by the District as an agent for individuals, private organizations, and other governments. The financial activities of these funds are excluded from the Entity-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

San Ramon Valley Fire Protection District Fiduciary Fund Statement of Fiduciary Net Position June 30, 2013

	Agency Fund
ASSET	
Cash in bank and investments in LAIF (Note 2)	\$48,202
Interest receivable	31
Total Assets	<u>\$48,233</u>
LIABILITIES	
Accounts payable	\$969
Due to members	47,264
Total Liabilities	<u>\$48,233</u>

See accompanying notes to financial statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. ORGANIZATION AND DESCRIPTION

The San Ramon Valley Fire Protection District (the District) is a Special District organized under the California Health and Safety Code. The District is responsible for the protection of the lives and property of the resident of the San Ramon Valley located in the southwest portion of Contra Costa County.

The District furnishes fire protection, rescue service and other emergency services to an area approximating 155 square miles, including the communities of Alamo, Blackhawk, the Town of Danville, Diablo, the City of San Ramon, the southern area of the Morgan Territory and the Tassajara Valley.

The District is governed by a Board of Directors consisting of five members elected by the voters in its service area. The Board appoints a Fire Chief to oversee the day-to-day operations of the District.

The District maintains its headquarters at 1500 Bollinger Canyon Road, San Ramon, California 94583.

B. REPORTING ENTITY

The accompanying financial statements of the District include the financial activities of the District as well as the San Ramon Valley Fire Protection District Financing Corporation (Corporation), which is controlled by and dependent on the District. The Corporation's purpose is to assist with the financing of fire protection facilities within the District. While the Corporation is a separate legal entity, the District Board serves in a separate section as its governing body and its financial activities are integral to those of the District. The financial activities of the Corporation have been aggregated and merged (termed "blended") with those of the District in the accompanying financial statements.

C. BASIS OF PRESENTATION

The District's Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

These Statements require that the financial statements described below be presented.

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government (the District) and its component unit. These statements include the financial activities of the overall District government. Eliminations have been made to minimize the double counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the District's funds, including blended component units. Separate statements for each fund category—governmental and fiduciary—are presented. The emphasis of fund financial statements is on major individual governmental funds, each of which is displayed in a separate column.

D. MAJOR FUNDS

Major funds are defined as funds that have either assets, liabilities, revenues or expenditures/expenses equal to ten percent of their fund-type total and five percent of the grand total. The General Fund is always a major fund. The District may also select other funds it believes should be presented as major funds.

The District reported the following major governmental funds in the accompanying financial statements:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources. The major revenue sources for this Fund are property taxes, ambulance service revenues and interest income. Expenditures are made for public safety and other operating expenditures.

Capital Projects Fund - The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities. Resources are provided by General Fund transfers, bond proceeds, and interest income on unspent funds.

Federal Grant Capital Projects Fund - The Federal Grant Capital Projects Fund is used to account for financial resources to be used to purchase and install radios and equipment for the East Bay Regional Communications System Authority project.

Equipment Replacement Fund - The Equipment Replacement Fund is used to account for financial resources to be used for the replacement of equipment and vehicles. Resources are provided by General Fund transfers and interest income on unspent funds.

San Ramon Valley Fire Community Fund - The San Ramon Valley Fire Community Fund is used to account for financial resources to be used to support the community. Resources are provided by donations and award revenue.

Debt Service Fund - The Debt Service Fund is used to account for accumulation of resources for, and the payment of long-term debt principal, interest and related costs. Resources are provided by General Fund transfers, bond proceeds and interest income on unspent funds.

The District also reports the following fund type:

Fiduciary Fund - Agency Funds are used to account for assets held by the District as an agent for individuals, private organizations, and other governments. The financial activities of these funds are excluded from the Entity-wide financial statement, but are presented in separate Fiduciary Fund financial statements.

E. BASIS OF ACCOUNTING

The government-wide financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Governmental capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of governmental long-term debt and acquisitions under capital leases are reported as other financing sources.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Non-exchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include taxes, grants, entitlements, and donations. On the accrual basis, revenue from taxes is recognized in the fiscal year for which the taxes are levied or assessed. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The District may fund programs with a combination of cost-reimbursement grants and general revenues. Thus both restricted and unrestricted net position may be available to finance program expenditures. The District's policy is to first apply restricted grant resources to such programs, followed by general revenue, if necessary.

F. BUDGETS AND BUDGETARY ACCOUNTING

The Board of Directors adopts a final budget prior to July 1. The budget includes appropriations (budgeted expenditures) on a line-item basis and the means of financing them (budgeted revenues).

Formal budgetary integration is employed as a management control device during the year for all funds. Budgeted and actual revenues and expenditures are reviewed monthly by the Board and budget amendments and transfers are made as needed. The Finance Supervisor monitors appropriations on a Department/Division basis and conveys this information to the Fire Chief/Treasurer who can approve appropriation transfers so long as appropriations in total by fund do not change. This approach allows the Fire Chief to hold Department/Division heads accountable. The District reports expenditures and appropriations on a line-item basis to its Board.

Only the Board may approve amendments to appropriations in total by fund. This approach allows the Board to hold the Fire Chief accountable for the overall District operations.

Budgets are adopted on a basis consistent with generally accepted accounting principles for all funds. Budgeted amounts presented in the financial statements are as originally adopted and as amended by the Board. Supplemental amendments to the budget were adopted by the Board and have been included in the budget versus actual statement. Appropriations lapse at year end.

G. PROPERTY TAXES

Revenue is recognized in the fiscal year for which the tax and assessment is levied. The County of Contra Costa levies, bills and collects property taxes for the District; the County remits the entire amount levied and handles all delinquencies, retaining interest and penalties. Secured and unsecured property taxes are levied on January 1 of the preceding fiscal year.

Secured property tax is due in two installments, on November 1 and February 1, and becomes a lien on those dates. It becomes delinquent on December 10 and April 10, respectively. Unsecured property tax is due on July 1 and becomes delinquent on August 31.

The term "unsecured" refers to taxes on personal property other than real estate, land and buildings. These taxes are secured by liens on the personal property being taxed.

Property tax revenue is recognized in the fiscal year for which the tax is levied. The County distributes property tax (termed "settlements") under the Teeter Plan, which allows the District to receive all property taxes in the year in which they are levied. The County retains any collections of interest, penalties and delinquencies under this plan. A settlement apportionment for 95% of unsecured property taxes is received in October, with the remainder distributed in June. Secured property taxes are received in three settlements and apportioned as follows: 55% in December, 40% in April and 5% in June.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

H. ACCUMULATED COMPENSATED ABSENCES

Compensated absences comprise unpaid vacation leave, administrative leave, and compensating time off, which are accrued as earned. The District's liability for compensated absences is recorded as an expense in various Governmental activities. The liability for compensated absences is determined annually.

I. CAPITAL ASSETS AND DEPRECIATION

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets with a value of \$5,000 or more are recorded as capital assets.

Capital assets with limited useful lives are depreciated over their estimated useful lives.

The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets.

Depreciation is provided using the straight-line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The District has assigned the useful lives listed below to capital assets:

Buildings	40 years
Improvements	20-40 years
Equipment	5-20 years

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

J. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

K. CHANGES IN ACCOUNTING PRINCIPLES

In June, 2011, GASB issued Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. The objective of this Statement is to improve financial reporting by providing guidance and standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effect on a government's net positions. This pronouncement is effective for financial statements for periods beginning after December 15, 2011. The District has implemented the provisions of this Statement for the year ended June 30, 2013.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

L. NEW ACCOUNTING PRONOUNCEMENT

In March, 2012, GASB issued Statement No. 65, Items Previously Reported as Assets and Liabilities. This Statement establishes accounting and financial reporting standards that reclassify as deferred outflows of resources and deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognized as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This pronouncement is effective for financial statements periods after December 15, 2012. The District is currently evaluating the impact on the financial statements.

In March, 2012, GASB issued Statement No. 66, Technical Correction – 2012 – an amendment of GASB Statement No. 10 and No. 62. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, Fund Balance Reporting and Government Fund Type Definitions, and No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. This pronouncement is effective for financial statements periods after December 15, 2012. The District does not believe that there will be a significant impact on the financial statements.

In June, 2012, GASB issued Statement No. 67, Financial Reporting for Pension Plans – amendment of GASB Statement No. 25. The objective of this Statement is to improve financial reporting by state and local government pension plans. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regards to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency. This pronouncement is effective for financial statements periods after June 15, 2013. Early implementation is encouraged. The District is currently evaluating the impact on the financial statements.

In June, 2012, GASB issued Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This pronouncement is effective for financial statements with fiscal year ending June 30, 2015. The District is currently evaluating the impact on the financial statements.

In January 2013, GASB issued Statement No. 69, Government Combinations and Disposals of Government Operations. The primary objective of this Statement is to establish accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this Statement, the term government combinations includes a variety of transactions referred to as mergers, acquisitions, and transfers of operations. The provisions of Statement 69 are effective for financial statements for periods beginning after December 15, 2013, with earlier application encouraged. The District has not determined its effect on the financial statements.

In April 2013, GASB issued GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees. The objective of this Statement is to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees. The provisions of this Statement are effective for reporting periods beginning after June 15, 2013. Earlier application is encouraged. The District is currently evaluating the impact on the financial statements.

NOTE 2 - CASH AND INVESTMENTS

The District pools cash from all sources and all funds except Cash with Fiscal Agents so that it can be invested at the maximum yield, consistent with safety and liquidity, while individual funds can make expenditures at any time. The District's investments are carried at fair value, as required by generally accepted accounting principles. The District adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year.

Cash and investments as of June 30, 2013 are classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of District debt instruments or Agency agreements.

	2013
Cash in bank and investments in LAIF	\$39,616,853
Petty cash	1,250
Cash and investments with fiscal agents	1,329,482
Total District cash and investments of primary government	40,947,585
Cash and investments in LAIF, in Fiduciary Funds	48,202
Total cash and investments	\$40,995,787

The District's carrying value of cash in banks and cash on hand was \$5,073,920 and \$1,250, respectively, at June 30, 2013.

A. INVESTMENTS AUTHORIZED BY THE CALIFORNIA GOVERNMENT CODE AND THE DISTRICT'S INVESTMENT POLICY

The District is authorized to invest in the following types of instruments as permitted by the California Government Code, or the District's investment policy where it is more restrictive:

PERMITTED INVESTMENTS/DEPOSITS	MAXIMUM MATURITY
California Local Agency Investment Fund	N/A
Securities of the U.S. Government	5 years
Public Agency's Pooled Investment Fund	N/A
Insured Certificates of Deposit (CD's)	5 years
CD's adequately collateralized by the institution issuing the certificate	5 years
Passbook Savings, Money Market Accounts and Money Market Funds	N/A

NOTE 2 - CASH AND INVESTMENTS (CONT.)

B. INVESTMENTS AUTHORIZED BY DEBT AGREEMENTS

The District must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged reserves to be used if the District fails to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with District resolutions, bond indentures or State statutes. The table below identifies the investment types that are authorized for investments held by fiscal agents.

PERMITTED INVESTMENTS/DEPOSITS	MINIMUM CREDIT QUALITY	MAXIMUM MATURITY
Federal Securities	None	None
Obligations of federal agencies which represent full faith and credit of the United States of America	None	None
Bonds, notes or other evidences of indebtedness by the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation	AAA by S&P and Aaa by Moody's	3 years
U.S. dollar denominated deposit accounts, federal funds, and banker's acceptances with domestic commercial banks	A-1 or A-1+ by S&P and P-1 by Moody's	360 Days
Commercial Paper	A-1+ by S&P, P-1 by Moody's	270 days
Money Market Fund	AAAm or AAAm-G or better by S&P	None
Obligations of any states of the U.S. or local municipalities, with certain restrictions	Highest rating category	None
Investment agreements, with certain restrictions	None	None
California Local Agency Investment Fund	None	None
Any other investments proposed by the District, with the approval of the bond insurance agent	N/A	N/A

C. LOCAL AGENCY INVESTMENT FUND (LAIF)

At June 30, 2013, the District had \$34,591,135 invested in LAIF. The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, and corporations. As of June 30, 2013, LAIF had an average maturity of 278 days. As of June 30, 2013, LAIF was not rated.

NOTE 2 - CASH AND INVESTMENTS (CONT.)

D. CASH WITH FISCAL AGENT

Under the terms an indenture of trust issued pursuant to the 2003 Certificates of Participation (See Note 5), a fiscal agent is holding funds for debt service reserves. The funds are to be used in the event the District lease payments are insufficient to pay debt service due on the COPS. As of June 30, 2013, the balance with the fiscal agent for the 2003 COPS amounted to \$730,047 which had been invested in the US Bank Money Market Deposit Account. As of June 30, 2013, this money market fund was rated P-1, Aa2 by Moody's and had an average maturity of 1 day. Deposit Account. As of June 30, 2013, this money market fund was rated P-1, Aa3 by Moody's and had an average maturity of 1 day.

Under the terms an indenture of trust issued pursuant to the 2006 Certificates of Participation (See Note 5), a fiscal agent is holding funds, on behalf of the District, for debt service reserves. The funds are to be used in the event the District lease payments are insufficient to pay debt service due on the COPS. As of June 30, 2013, \$599,435 remained with the agent, which was invested in the US Bank Money Market Deposit account. As of June 30, 2013, this money market deposit account was rated P-1, Aa2 by Moody's and had an average maturity of 1 day.

NOTE 3 - CAPITAL ASSETS

A. CAPITAL ASSET ADDITIONS AND RETIREMENTS

Capital assets activity comprised the following:

	Balance at June 30, 2012	Additions	Retirements	Transfers	Balance at June 30, 2013
Governmental Activities:					
Capital assets not being depreciated:					
Land	\$7,105,802				\$7,105,802
Construction in progress	997,440	\$653,977		(\$177,232)	1,474,185
Total capital assets not being depreciated	8,103,242	653,977		(177,232)	8,579,987
Capital assets being depreciated:					
Buildings and improvements	26,285,799	83,193		177,232	26,546,224
Equipment	26,055,764	2,252,881	(\$1,833,398)		26,475,247
Total capital assets being depreciated	52,341,563	2,336,074	(1,833,398)	177,232	53,021,471
Less accumulated depreciation for:					
Buildings and improvements	(11,988,513)	(373,670)			(12,362,183)
Equipment	(15,964,200)	(1,386,866)	1,747,467		(15,603,599)
Total accumulated depreciation	(27,952,713)	(1,760,536)	1,747,467		(27,965,782)
Net capital assets being depreciated	24,388,850	575,538	(85,931)	177,232	25,055,689
Governmental activity capital assets, net	\$32,492,092	\$1,229,515	(\$85,931)		\$33,635,676

NOTE 4 - COMPENSATED ABSENCES

The changes of the compensated absences were as follows:

	<u>Governmental Activities</u>
Beginning Balance, at July 1, 2012	\$1,808,986
Additions made during fiscal year	782,461
Payments made during fiscal year	(1,086,974)
Ending Balance, at June 30, 2013	<u>\$1,504,473</u>
Current Portion	<u>\$285,850</u>

The long-term portion of governmental activities compensated absences is liquidated primarily by the General Fund.

NOTE 5 - LONG-TERM DEBT

The District generally incurs long-term debt to finance projects or purchase assets that will have useful lives equal to or greater than the related debt. This debt will be repaid only out of governmental funds but is not accounted for in these funds because this debt does not require an appropriation or expenditure in this accounting period.

The District's debt issues and transactions are summarized below:

	Original Issue Amount	Balance June 30, 2012	Retirements	Balance June 30, 2013	Current Portion
Governmental Activities Debt					
2003 Certificates of Participation 2% - 4%, due 8/01/19	\$9,015,000	\$5,025,000	\$555,000	\$4,470,000	\$575,000
2006 Certificates of Participation 3.5% - 5%, due 8/01/36	9,485,000	8,605,000	195,000	8,410,000	205,000
Lease Purchase Agreement 2.58%, due 5/19/18	3,400,000	2,950,830	460,833	2,488,997	472,800
Total Governmental Activity Debt	\$21,900,000	\$16,580,830	\$1,210,833	\$15,369,997	\$1,252,800

A. 2003 REFUNDING CERTIFICATES OF PARTICIPATION

The District leases its Administrative Office and Fire Stations 31, 33 and 38 under a non-cancelable lease extending to August 1, 2019. Under this lease, the District makes semi-annual payments, which are sufficient to pay the principal and interest on the 2003 Refunding Certificates of Participation (COPs). The cost of the buildings and the balance of the debt evidenced by the COPs have been included in the District's financial statements as this lease is in essence a financing arrangement, with ownership of the financed assets reverting to the District at its conclusion. Interest is payable semi-annually each February 1 and August 1. Principal payments are due each August 1.

B. 2006 CERTIFICATES OF PARTICIPATION

In March 2006, the San Ramon Valley Fire Protection District Financing Corporation issued Certificates of Participation in the original principal amount of \$9,485,000, and bearing interest at 3.5-5%. Bond proceeds were used to finance the design and construction of three new fire stations, the acquisition of land for two of these fire stations, and the construction of an apparatus storage building at an existing fire station. Under a non-cancelable lease of these assets extending to August 1, 2036, the District makes semi-annual payments February 1 and August 1 from any source of available funds of the District which are sufficient to pay the principal and interest on the 2006 Certificates of Participation. Ownership of the leased premises reverts to the District at the end of the lease. The costs of the assets securing this lease and the balance of the debt evidenced by the 2006 Certificates of Participation have been included in the District's financial statements as this lease is in essence a financing arrangement, with ownership of the financed assets reverting to the District at its conclusion.

NOTE 5 - LONG-TERM DEBT (CONT.)

C. LEASE PURCHASE AGREEMENT

On May 19, 2011 the District entered into a lease purchase agreement with JP Morgan Chase Bank. The lease purchase agreement in the amount of \$3,400,000 is for the purchase of a number of ambulances and fire engines. Ownership of the vehicles and equipment passes to the District at the end of the lease. The lease is payable from General Fund. Interest and principal are payable semi-annually on November 19 and May 19 until May 19, 2018.

Since the leases are in essence financing arrangements, the cost of the fire engines, vehicles, ambulances and other equipment have been included in the District's entity-wide financial statements.

D. DEBT SERVICE REQUIREMENTS

The District's debt service requirements are presented below:

FOR THE YEAR ENDING JUNE 30	PRINCIPAL	INTEREST	TOTAL
2014	\$1,252,800	\$610,473	\$1,863,273
2015	1,285,077	570,779	1,855,856
2016	1,332,672	528,637	1,861,309
2017	1,375,595	484,051	1,859,646
2018	1,423,853	436,984	1,860,837
2019-2023	2,740,000	1,689,281	4,429,281
2024-2028	1,680,000	1,287,238	2,967,238
2029-2033	2,145,000	812,125	2,957,125
2034-2037	2,135,000	220,125	2,355,125
Total payments due	\$15,369,997	\$6,639,693	\$22,009,690

NOTE 6 - INTERFUND TRANSACTIONS

A. TRANSFERS BETWEEN FUNDS

With Board approval, resources may be transferred from one fund to another. Transfers between funds during the fiscal year ended June 30, 2013 were as follows:

Fund Receiving Transfers	Fund Making Transfers	Amount Transferred
Capital Projects Fund	General Fund	\$790,100 (A)
Federal Grant Capital Project Fund	General Fund	12,282 (B)
Equipment Replacement Fund	General Fund	797,726 (C)
Debt Service Fund	General Fund	1,858,123 (D)
Total Interfund Transfers		<u>\$3,458,231</u>

- (A) To fund Station 32 construction project costs
- (B) To fund District's 20% match for mobile radio
- (C) To fund new/replacement equipment purchases
- (D) To fund debt service payments

NOTE 7 - NET POSITION AND FUND BALANCES

Net position is on the full accrual basis while Fund Balances are measured on the modified accrual basis.

A. NET POSITION

Net position is the excess of all the District's Position over all its liabilities, regardless of fund. Net Position is divided into three captions. These captions apply only to Net Position, which is determined only at the Government-wide level, and are described below:

Net Investment in Capital Asset describes the portion of Net Position which is represented by the current net book value of the District's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of Net Position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. These principally include debt service and acquisition and construction of facilities and equipment.

Unrestricted describes the portion of Net Position which is not restricted to use. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

B. FUND BALANCE

Governmental fund balances represent the net current assets of each fund. Net current assets generally represent a fund's cash and receivables, less its liabilities.

The District's fund balances are classified in accordance with Governmental Accounting Standards Board Statement Number 54 (GASB 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, which requires the District to classify its fund balances based on spending constraints imposed on the use of resources. For programs with multiple funding sources, the District prioritizes and expends funds in the following order: Restricted, Committed, Assigned and Unassigned. Each category in the following hierarchy is ranked according to the degree of spending constraint:

NOTE 7 - NET POSITION AND FUND BALANCES (CONT.)

Nonspendable represents balances set aside to indicate items that do not represent available, spendable resources even though they are a component of assets. Fund balances required to be maintained intact and assets not expected to be converted to cash, such as prepaids, are included. However, if proceeds realized from the sale or collection of nonspendable assets are restricted, committed or assigned, then nonspendable amounts are required to be presented as a component of the applicable category.

Restricted fund balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which requires the resources to be used only for a specific purpose.

Committed fund balances have constraints imposed by formal action of the Board which may be altered only by formal action of the Board. The governing board is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or reverse the limitation. Nonspendable amounts subject to Board commitments are included along with spendable resources.

Assigned fund balances are amounts constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. The Board has by resolution authorized the Fire Chief or Administrative Services Director to assign fund balances. This category includes nonspendables, when it is the District's intent to use proceeds or collections for a specific purpose, and residual fund balances, if any, of Special Revenue, Capital Projects and Debt Service Funds which have not been restricted or committed.

Unassigned fund balance represents residual amounts that have not been restricted, committed or assigned. This includes the residual general fund balance and residual fund deficits, if any, of other governmental funds.

Detailed classifications of the District's Fund Balances, as of June 30, 2013, are below:

Fund Balance Classifications	General Fund	Capital Projects	Federal Grant Capital Projects	Equipment Replacement	San Ramon Valley Fire Community	Debt Service	Total
Nonspendable:							
Items not in spendable form:							
Prepaids and Deposits		\$238,000					\$238,000
Total Nonspendable Fund Balances		238,000					238,000
Restricted for:							
Capital Projects			\$19,386				19,386
Debt Service						\$1,329,483	1,329,483
Total Restricted Fund Balances			19,386			1,329,483	1,348,869
Committed to:							
Workers' Compensation Claims	\$1,000,000						1,000,000
Refinery Property Tax Claim	460,000						460,000
Tactical Training Center		2,678,086					2,678,086
Station 32/Capital Improvement Projects	5,527,445						5,527,445
Stabilization Arrangements	15,518,388						15,518,388
Total Committed Fund Balances	22,505,833	2,678,086					25,183,919

NOTE 7 - NET POSITION AND FUND BALANCES (CONT.)

Fund Balance Classifications	General Fund	Capital Projects	Federal Grant Capital Projects	Equipment Replacement	San Ramon Valley Fire Community	Debt Service	Total
Assigned to:							
Budgetary Deficit		12,500					12,500
Equipment Purchase				667,361			667,361
Other	156,689	87,204			555		244,448

C. MINIMUM FUND BALANCE POLICY

The District has a minimum fund balance policy. The Policy requires the District to maintain a minimum fund balance of 50% of the current fiscal year operating revenues in the General Fund at the end of the fiscal year.

D. BUDGET STABILIZATION

Budget stabilization is the portion of fund balance that is committed to provide a source of funds to mitigate the effects to the General Fund during a prolonged economic downturn. This fund balance can only be spent following three successive years of decreased total General Fund revenue. The amount is equal to 30% of the total of the General Fund and Debt Service Fund budgeted expenditures for the next fiscal year. At the close of each fiscal year, General Fund balance in excess of the minimum fund balance will be added to the budget stabilization fund balance until the maximum amount is reached.

NOTE 8 - PENSION PLAN

Substantially, all qualified permanent and probationary District employees are eligible to participate in pension plans offered by Contra Costa County Employees' Retirement Association (CCCERA), a cost sharing multiple employer defined benefit pension plan which acts as a common investment and administrative agent for its participating member employers. CCCERA provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries.

Benefit provisions under the Plan are established by State statute and County resolution. Benefits are based on years of credited service, equal to one year of full time employment. Funding contributions for the Plan are determined annually on an actuarial basis by CCCERA; the District must contribute these amounts. The Plan's provisions and benefits in effect at July 1, 2012, are summarized as follows:

NOTE 8 - PENSION PLAN (CONT.)

	Safety	Non-Safety
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	50	55
Monthly benefits as percentage of annual salary	3%	2%
Required employee contribution rates	14.06 - 20.51%	7.33 - 14.37%
Required employer contribution rates	63.55% or 59.81% (new hires)	36.87% or 35.24% (new hires)

The Districts pays a portion of employee contributions calculated on base pay. The remainder of employee contributions are paid by each employee. The District's net pension obligation is liquidated primarily by the General Fund. The District paid 100% of the actuarially required contributions and related rates for the last three fiscal years were as follows:

Fiscal Year	Amounts	Rates
2011	11,811,101	31.49 - 58.55%
2012	11,131,763	32.19 - 56.24%
2013	11,797,439	35.24 - 63.55%

These contributions approximated 5.145% of total plan contributions from all members participating in CCCERA. Retirement age varies and is based on different criteria, as described in the plan.

CCCERA determines contribution requirements using a modification of the Entry Age Normal Method. Under this method, the District's total normal benefit cost for each employee from date of hire to date of retirement is expressed as a level percentage of the related total payroll cost. Normal benefit cost under this method is the level amount the employer must pay annually to fund an employee's projected retirement benefit. This level percentage of payroll method is used to amortize any unfunded actuarial liabilities. The actuarial assumptions used to compute contribution requirements are also used to compute the actuarially accrued liabilities.

CCCERA uses the market related value method of valuing the Plan's assets. As of December 31, 2012, an investment rate of return of 7.75% is assumed, including inflation at 3.25%. Annual salary increases are assumed to vary by duration of service and annual retirement benefit increases are assumed to be 4.75% to 14%. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll for total unfunded liability (4% payroll growth assumed). The remaining amortization period ends June 30, 2022.

Trend information for the District is not available. Complete trend data is available in separately issued financial statements of the plan which can be obtained from CCCERA located at 1355 Willow Way, Suite 221, Concord, California. Three year trend data as of December 31 for the entire Plan is presented below (in thousands):

Actuarial (Dollars in Thousands)

Valuation Date	Entry Age Accrued Liability	Value of Assets	Unfunded Liability	Funded Ratio	Annual Covered Payroll	Unfunded (Overfunded) Liability as % of Payroll
2010	\$6,654,037	\$5,341,822	\$1,312,215	80.28%	\$687,443	190.88%
2011	6,915,312	5,426,719	1,488,593	78.47%	666,394	223.38%
2012	7,761,315	5,482,287	2,279,058	70.64%	652,312	348.38%

NOTE 9 - POSTEMPLOYMENT HEALTH CARE BENEFITS

By Board resolution and through agreements with its labor units, the District provides certain health care benefits for retired employees (spouse and dependents are included) under third-party insurance plans. A summary of eligibility and retiree contribution requirements are shown below by bargaining unit:

	Miscellaneous	Safety
Eligibility	<ul style="list-style-type: none"> • Full time employees retire directly from District • Service ret: 50 & 10 or 30 YOS • Service-connected disability ret: regardless age or service • Service includes all 37 Act and CalPERS service • Participates in PEMHCA 	<ul style="list-style-type: none"> • Full time employees retire directly from District • Service ret: 50 & 10 or 20 YOS • Service-connected disability ret: regardless age or service • Service includes all 37 Act and CalPERS service • Participates in PEMHCA
Medical Benefits	<ul style="list-style-type: none"> • District pays 100% of the medical premium for retiree, spouse and dependents • Same as actives 	
Dental, Vision, Life & EAP	<ul style="list-style-type: none"> • Dental, Vision, EAP: District pays 25% of the premium for retiree, spouse and dependents • Life: District pays 25% of the Premium for retiree only until age 65 	

As of June 30, 2013, approximately 322 participants were eligible to receive benefits.

FUNDING POLICY AND ACTUARIAL ASSUMPTIONS

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan understood by employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of calculations. The annual required contribution (ARC) was determined as part of a June 30, 2011 actuarial valuation using the entry age normal actuarial cost method. This is a projected benefit cost method, which takes into account those benefits that are expected to be earned in the future as well as those already accrued. The actuarial assumptions included (a) 4.75% investment rate of return, (b) 3.25% projected annual salary increase, and (c) 3% of general inflation increase, and (d) a healthcare trend of declining annual increases ranging from 8.5% to 8.9% in 2014 to 5% for years starting 2021. The actuarial methods and assumptions used include techniques that smooth the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Actuarial calculations reflect a long-term perspective and actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to revision at least biannually as results are compared to past expectations and new estimates are made about the future. The District's OPEB unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll using a 26 year closed amortization period.

NOTE 9 - POSTEMPLOYMENT HEALTH CARE BENEFITS (CONT.)

In accordance with the District's budget, the annual required contribution (ARC) is to be funded throughout the year as a percentage of payroll. The District's net other postemployment obligation is liquidated primarily by the General Fund. The Board is a participant in the California Employers' Retirees Benefit Trust (CERBT), an irrevocable trust established to fund OPEB. CERBT, an agent multiple-employer defined benefit postemployment healthcare plan, is administrated by CalPERS, and is managed by an appointed board not under the control of the District's Board. This Trust is not considered a component unit by the District and has been excluded from these financial statements. Separately issued financial statements for CERBT may be obtained from CALPERS at P.O. Box 942709, Sacramento, CA 94229-2709.

FUNDING PROGRESS AND FUNDED STATUS

Generally accepted accounting principles permit contributions to be treated as OPEB assets and deducted from the Actuarial Accrued Liability when such contributions are placed in an irrevocable trust or equivalent arrangement. The Net OPEB Obligation and actual contributions for the fiscal year were as presented below:

Annual required contribution (ARC)	\$7,450,000
Interest on net OPEB obligation	686,806
Adjusting to ARC	<u>(694,013)</u>
Annual OPEB cost	7,442,793
Contributions made:	
District portion of current year premiums paid	<u>1,816,302</u>
Total Contributions	<u>1,816,302</u>
Increase in the net OPEB Obligation	<u>5,626,491</u>
Net OPEB obligation at June 30, 2012	<u>14,459,076</u>
Net OPEB obligation at June 30, 2013	<u><u>\$20,085,567</u></u>

NOTE 9 - POSTEMPLOYMENT HEALTH CARE BENEFITS (CONT.)

The Plan's annual OPEB cost and actual contributions for fiscal years ended June 30, 2011, 2012 and 2013 are set forth below:

Fiscal Year	Annual OPEB Cost	Actual Contribution	Percentage of Annual OPEB Cost Contributed	NET OPEB Liability
6/30/2011	\$5,868,042	\$1,375,426	23%	\$9,701,759
6/30/2012	6,329,130	1,571,813	25%	14,459,076
6/30/2013	7,442,792	1,816,302	24%	20,085,567

The Schedule of Funding Progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Trend data from the actuarial studies is presented below:

Actuarial Valuation Date	Actuarial Value of Assets (A)	Entry age Actuarial Accrued Liability (B)	Unfunded Actuarial Liability (B-A)	Funded Ratio (A/B)	Covered Payroll (C)	Unfunded Actuarial Liability as Percentage of Covered Payroll [(B-A)/C]
1/1/2007	\$0	\$48,231,000	\$48,231,000	0.00%	\$20,718,000	233%
1/1/2009	0	56,146,000	56,146,000	0.00%	21,391,000	262%
6/30/2011	4,309,000	78,785,000	74,476,000	5.47%	21,231,690	370%

NOTE 10 - DEFERRED COMPENSATION PLAN

District employees may defer a portion of their compensation under three District sponsored Deferred Compensation Plans created in accordance with Internal Revenue Code Section 457. Under these plans, participants are not taxed on the deferred portion of their compensation until distributed to them; distributions may be made only at termination, retirement, death or in an emergency as defined by the Plans.

The laws governing deferred compensation plan assets require plan assets to be held in a Trust for the exclusive benefit of plan participants and their beneficiaries. Since the assets held under these plans are not the District's property, are not managed by the District, and are not subject to claims by general creditors of the District, they have been excluded from these financial statements.

NOTE 11 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omission, injuries to employees, and natural disasters. The District retains risk (a deductible) for a portion of losses arising from general liability, property, workers' compensation and auto liability losses. Once the District's deductible is met, insurance providers become responsible for payment of all claims up to the coverage limit. The District is a member of Fire Agency Insurance Risk Authority (FAIRA), a public entity risk pool which provides insurance coverage to participating members. The District also has excess workers' compensation coverage through an insurance policy with a commercial insurance company.

NOTE 11 - RISK MANAGEMENT (CONT.)

The District did not have any claim settlements that exceeded the insurance coverage in the last three years. A summary of the District's insurance is as follows:

Coverage	Insurance Company / Risk Pool	Limit of Liability	Deductible / SIR
Workers' Compensation	Insurance Co.	Statutory	\$1,000,000
All Risk Property	FAIRA	\$51,100,500	\$5,000
General Liability	FAIRA	\$1,000,000 Per Occurrence / \$2,000,000 Aggregate	None
Management Liability	FAIRA	\$100,000,000	\$5,000
Auto Liability	FAIRA	\$100,000,000	\$1,000 / \$3,000 - Comp/Collision
Garage Keepers Legal Liability	FAIRA	\$250,000	\$250 Comprehensive / \$500 Collision
Umbrella Liability	FAIRA	\$10,000,000 Per Occurrence / \$20,000,000 Aggregate	Excess of Underlying Insurance---

FAIRA is governed by a Board consisting of representatives from member municipalities. The Board controls the operations of FAIRA, including selection of management and approval of operating budgets, independent of any influence by member municipalities beyond their representation on the Board.

As of June 30, 2013, the District's third party administrator responsible for processing Workers' Compensation claims determined that the liability for unpaid claims amounted to \$2,797,564. As of that same date, management estimated the liability for unpaid claims for the other types of losses discussed above, including a provision for losses incurred but not reported amounted to \$20,000. These losses will be paid from future resources; therefore, these liabilities have been accounted for in governmental activities. Changes to these claims payable are disclosed below:

	Fiscal Year 2012-13	Fiscal Year 2011-12
Balance, July 1, 2012	\$2,065,558	\$1,578,991
Current year claims and estimated changes in claims payable	1,529,606	1,017,283
Claims paid	(777,600)	(530,716)
Balance, June 30, 2013	\$2,817,564	\$2,065,558
Balance due within one year	\$1,042,499	\$764,256

NOTE 12 - CONTINGENT LIABILITIES AND COMMITMENTS

GRANTS

The District participated in Federal and State grant programs. These programs have been audited through the fiscal year ended June 30, 2013, by the District's independent accountants in accordance with the provisions of the federal Single Audit Act amendments of 1996 and applicable State requirements. No cost disallowances were proposed as a result of these audits; however, these programs are still subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The District expects such amounts, if any, to be immaterial.

LITIGATION

The District is subject to litigation arising in the normal course of business. In the opinion of the District Attorney there is no pending litigation which is likely to have a material adverse effect on the financial position of the District.

NOTE 13 - EAST BAY REGIONAL COMMUNICATIONS SYSTEM AUTHORITY

The District is a member of the East Bay Regional Communications System Authority (EBRCSA), a joint exercise of powers authority. EBRCSA is authorized to borrow money for the purpose of paying the cost of public capital improvements within the State of California, including a P25 compliant or equivalent communications system. The communications system will provide fully interoperable communications to all public agencies serving Alameda and Contra Costa Counties. EBRCSA includes 40 member agencies. During fiscal year 2012-13, the District paid \$58,493 to EBRCSA for its share of the cost to build the project. The District is obligated to make annual service payments to EBRCSA from any source of legally available funds to pay for the District's share of service provided. Separate financial statements of EBRCSA may be obtained from 4985 Broder Boulevard, Dublin, CA 94568.

MAJOR GOVERNMENTAL FUNDS, OTHER THAN GENERAL FUND & SPECIAL REVENUE

FEDERAL GRANT CAPITAL PROJECTS FUND

The Federal Grant Capital Projects Fund is used to account for financial resources to be used to purchase and install radios and equipment for the East Bay Regional Communications System Authority Project.

San Ramon Valley Fire Protection District Federal Grant Capital Projects Fund Schedule of Revenues, Expenditures and Changes in Fund Balance Budget and Actual For the Year Ended June 30, 2013

	Budget	Actual	Variance Positive (Negative)
REVENUES			
Federal grant revenues			
Intergovernmental revenue	\$2,351,394	\$1,701,649	(\$649,745)

Fund balance at beginning of year		1,329,539	
Fund balance at end of year		\$1,329,482	

AGENCY FUND

Agency funds are used to account for assets held by the District as an agent for individuals, private organizations, and other governments. The financial activities of these funds are excluded from the Entity-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

CITIZEN CORPS COUNCIL PROGRAM

Accounts for grant monies received and expenditures incurred related to the Citizen Corps Council Program. The District acts as custodian for the operating resources of the entity.

San Ramon Valley Fire Protection District Agency Fund Statement of Changes in Assets and Liabilities For the Year Ended June 30, 2013

Citizen Corps Council Program	Balance June 30, 2012	Additions	Reductions	Balance June 30, 2013

STATISTICAL SECTION

This part of the District's Comprehensive Annual Financial Report presents detailed information as context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health. In contrast to the financial section, the statistical section information is not subject to independent audit.

FINANCIAL TRENDS

These schedules contain trend information to help the reader understand how the District's financial performance and well being have changed over time:

1. Net Position by Component
2. Changes in Net Position
3. Fund Balances of Governmental Funds
4. Changes in Fund Balances of Governmental Funds
5. General Expenditures by Function

REVENUE CAPACITY

These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax:

1. General Revenues by Source
2. Assessed Value of Taxable Property
3. Assessed and Estimated Actual Value of Taxable Property
4. Property Tax Levies and Collections
5. Property Tax Rates, All Overlapping Governments
6. Principal Property Taxpayers

DEBT CAPACITY

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future:

1. Ratio of Outstanding Debt by Type
2. Computation of Direct and Overlapping Debt
3. Computation of Legal Bonded Debt Margin

DEMOGRAPHIC AND ECONOMIC INFORMATION

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place:

1. Demographic Statistics
2. Demographic and Economic Statistics

OPERATING INFORMATION

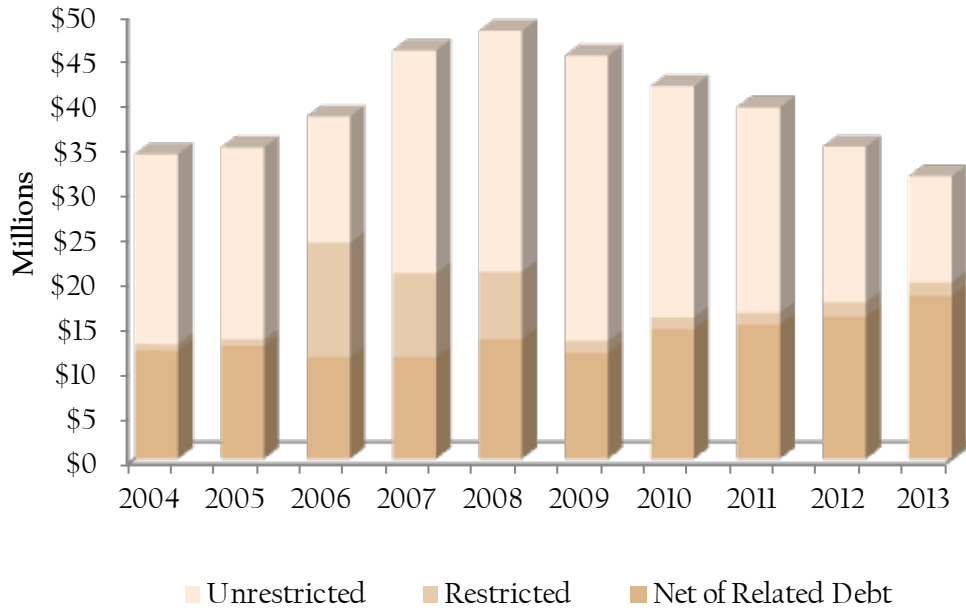

These schedules contain service data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs:

1. Summary of District Activities
2. Comparative Annual Graph -Total Responses
3. Standard of Cover Policy Compliance Report
4. Emergency Response Detail Analysis
5. Emergency Responses Graph
6. Call Frequency Analysis
7. Mutual Aid Fire Responses
8. Training Hours for Suppression Personnel
9. Service Connected Illness/Injury Report
10. Operating Indicators by Function
11. Staffing Summary

Sources

Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year. The District implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

(a) The State Constitution requires property to be assessed at one hundred percent of the most recent purchase price, plus an increment of no more than two percent annually, plus any local over-rides. These values are considered to be full market values.

(b) California cities do not set their own direct tax rate. The state constitution establishes the rate at 1% and allocates a portion of that amount, by an annual calculation, to all the taxing entities within a tax rate area.

2013	1,270,315,659	0	1,270,315,659	0.00%

NOTE:

(a) California Health and Safety Code, Section 13937 sets the debt limit at 10%. The Code section was enacted prior to the change in basing assessed value to full market value when it was previously 25% of market value. Thus, the limit shown as 3.75% is one-fourth the limit to account for the adjustment of showing assessed valuation at full cash value.
